Whatever your holiday tradition is, we'd love to find out more.

**Westland receives County Parks money for new soccer equipment**

By LeAnne Rogers  
Observer Staff Writer

New soccer equipment will be installed at Westland's Thomas H. Brown Central City Park, funded in part with Wayne County Parks dollars.

The council voted Monday to approve an Intergovernmental Agreement with Wayne County to accept \$17,000 in funding. Another \$16,700 will be provided by the city for a

total of \$33,700 for soccer nets and benches.

Wayne County Commissioner Joan Gebhardt, D-Livonia, whose term expires at the end of the year, attended the council meeting. She described the Intergovernmental Agreement as her last official duty in Westland, which was part of Gebhardt's district before recent redistricting.

"It was a pleasure to work with you, especial-

ly with the mayor. Our first big project was the reopening of Central City Park," said Gebhardt, who also noted other county projects in the city, such as repaving of Warren Road and reconstruction of the Newburgh-Warren Road intersection.

"I wish the best for Westland and its excellent, excellent residents," said Gebhardt, who didn't seek re-election after the redistricting.

Mayor William Wild and council members thanked Gebhardt for her efforts that also included getting funding to move to and reconstruct the McKee barn at the Westland Historical Village Park.

"I personally appreciated working with you on Central City Park and other projects," said Wild. "You helped us a great deal in cleaning some of these issues up."

Wild added that he looks

forward to working with new county commissioners Richard LeBlanc, D-Westland, whose district includes all but southern Westland, and Kevin McNamara, D-Belleville, whose district includes south Westland.

Gebhardt will continue to serve as a trustee of the Schoolcraft College board.

With the arrival of Santa Claus, Wayne Mayor Al Haidous declared the holiday season officially open Tuesday.

Santa Claus joined the mayor in ceremonially turning on the lights decorating the Christmas tree in front of the Wayne Historical Museum.

Haidous took a moment to have some fun with Santa.

"I want to thank Santa for bringing joy to all the kids and all residents of Wayne," said Haidous. "Now is the time, if you have anything you want to say against Santa."

No one took Haidous up on his offer to air any complaints about Santa Claus, who later visited with youngsters inside the museum.

The crowd gathered for the tree lighting joined students from Livonia Franklin High School in singing Christmas carols before moving into the museum for hot chocolate and cookies. The Wayne Beautification Committee provided the

The site for a 2013-14 Wayne-Westland Construction Technology Program home has been acquired by Westland.

A new construction home will be built by students at 499 Hix, a parcel that was returned to the city after another planned project fell through.

The council voted Monday to accept the deed for the property from Liberty Hill Housing Corporation, which had acquired the site to construct a duplex for people with

disabilities.

Liberty Hill had received council approval for \$250,000 in federal HOME/Community Housing Development Organization funds for the project which was to cost \$450,000 including land acquisition, construction and rental assistance.

"Liberty Hill unfortunately was not able to acquire added funding, so the Hix Road property reverted back to the city," said Westland Community Development Director Joanne Campbell.

# Board to decide Dec. 17 on \$195 million bond proposal

By Karen Smith  
Observer Staff Writer

The Livonia school board is expected to decide Dec. 17 whether to ask voters in May for a \$195 million construction bond to pay for districtwide school improvements — as well as \$15 million for a new career technical center.

The districtwide improvements would include new technology, renovations to the three high schools' auditoriums and fine/performing arts classrooms, buses, furniture, roof repairs, windows, doors, flooring, ceilings, plumbing and electrical work, cafeteria upgrades, and relocation of elementary school offices to entrances for better security.

Trustee Colleen Burton said at a committee of the whole meeting Monday she wanted to keep the price tag under \$200 million. "My gut is if we go over \$200 million, we may not be able to pass the bond. I'm afraid if we hit \$200 million, it's a different mental dollar amount."

Trustee Dianne Laura said she's opposed to asking voters for \$195 million in improvements, an estimated 2.59-mill tax increase that would

cost approximately \$19 per month for a resident with a home valued at \$178,000, the median home price in the school district.

A \$15 million bond issue for a new career center would require an additional 0.20 mills, or about \$1.50 more per month, for that same homeowner.

"I'm just looking at the financial picture," Laura said. "There are still people out there who can't afford the \$20. I hope I'm wrong. I have a different view of what's going to pass."

Trustee Randy Roulier said he doesn't think any of the improvements the board is considering are excessive or exuberant. He said things are only going to get more competitive for school districts with the changes being considered in Lansing. "If we don't stay as close to cutting edge as we can, we're doing a disservice to our kids... if we don't do anything, I would say shame on us."

Vice president Gregory Oke said he wants to ask voters in a separate ballot proposal for a new career technical center. The technical center program is supposed to be cutting edge, he said. "That's certainly

not what comes to mind when you look at our current facility."

Consultant Greg VanKirk, a partner with Plante Moran CRESA, said the board may be creating a marketing issue for itself in having to explain what the two proposals are and why they are needed. He said the board needs to be very clear so as not to confuse voters.

Trustee Eileen McDonnell said she is concerned about spending \$55,000 on a special election in May when an August or November election would cost the district nothing.

Oke said that given the success rate of May ballot proposals for school districts, the cost is worth the investment. "We want to put something to the voters that is successful," he said. "I think May is the time of year that does that."

Board president Patrice Mang said the \$55,000 can come out of the bond so it won't take away from other budget items like textbooks and teacher supplies.

She said the board needs to put a proposal before voters. "I think \$195 million is very fiscally responsible to ask for and then we let them decide," she said. Mang

said the residents she spoke with at community forums held earlier this year on the topic of a bond proposal were concerned about upgrading schools to maintain their home values.

VanKirk and Paul Wills, another partner with Plante Moran CRESA, told the board the median household income in the school district is \$69,400 with \$772 left over at the end of each month for discretionary spending.

Superintendent Randy Liepa said the board will consider two resolutions Dec. 17 — one for the \$195 million bond and the other for a new \$15 million technical center. However, the actual ballot language will not be voted on until after the first of the year.

The board will have two new members in January — Julie Robinson and Tammy Bonifield. Mang was defeated in the November general election and Oke did not seek re-election.

The current board had told residents it would decide by Dec. 31 on the dollar amount for a bond, what it would cover and when it would place the proposal before voters.

# Toy Drive: Help area children have a happy holiday season

Scoop the Newshound is asking Novi families to join the O&E Media toy drive to benefit youth served by Methodist Children's Home Society and Orchards Children's Services.

"Both organizations help protect abused and neglected children by providing housing, education and other services," said Choya Jordan, O&E Media marketing manager and project organizer. "Please consider donating a new unwrapped gift this year. Your gift will help brighten a youth's holiday season."

Donate a new unwrapped toy and you will receive a voucher for a free Buddy's four-square cheese pizza.

This is the second year the O&E has sponsored a toy drive to benefit these local organizations and help brighten the holidays for area children. The Methodist Chil-

dren's Home Society in Redford has been successfully helping children for 95 years, but right now foster children are in dire straits. The cost of caring for these children has increased, but state funding has not. In these hard economic times, these children need help now, more than ever.

Last year MCHS served more than 270 children through residential, foster care, adoption and lit-

eracy programs. Orchards Children's Services has been a beacon of hope for children and families for more than 50 years.

Orchards seeks to protect and nurture children and youth by providing shelter, sustenance, life and educational skills and opportunities. Orchards programs and services touch children from birth to young adulthood, and the agency remains committed to them every step of the way.

Orchards was also recognized in 2011 as one of three agencies nationwide to receive the highest score in every category of assessment from the Council on Accreditation. This is a national accrediting body that demands the highest standards of service and care.

For more information contact Choya Jordan via e-mail at [cbjordan@hometownlife.com](mailto:cbjordan@hometownlife.com).

# Wayne High hosts annual holiday night

The students and staff of Wayne Memorial High School are inviting the community to enjoy the holiday season at its annual Holiday Night Friday, Dec. 14.

The event will be 5:30-7:30 p.m. at the high school at Second Street and Glenwood in Wayne. It's free and open to the high school staff and all families in the Wayne Memorial community. Participants are asked to bring a canned good

to donate.

The evening includes dinner. Children will have a chance to visit with Santa at the North Pole and have their picture taken with him. There also will be a chance to make an old fashioned ornament, decorate holiday cookies and write a letter to Santa. There also will be time to bounce on a big inflatable.

The school will be decked out for the holidays and there also will

be caroling. All children must be accompanied by an adult. Enter the school at the Glenwood doors. This is the fourth year the high school has opened its doors for the community a holiday celebration. Last year's event attracted more than 1,300 adults and children.

# Modano Arena gets connected with wi-fi

Westland's Mike Modano Ice Arena now provides free wi-fi for all of its guests.

"Technology is an important part of our lives and we are working to make city buildings convenient for visitors who require Internet access," said Mayor William Wild. "I am proud of this service at the ice arena as this allows parents the opportunity to get connected to the Internet while their children skate."

The cost of just over \$4,000 for the project was funded with pro-

ceeds generated by the annual Wild Wings vs. Red Wings Alumni game, where fans are treated to a friendly game with past Red Wings stars and Hall of Famers vs. a local team made up of Wild and several city officials.

Along with the recent addition of free wi-fi, the city has taken several steps in the last few years to improve the facility, including energy and efficiency upgrades to the heating and cooling systems as well as renovations to the lobby and conces-

sions area.

Located at 6210 N. Wildwood, Mike Modano Ice Arena provides several skating activities for all ages. Along with hockey and figure skating, guests are able participate in open skate opportunities, Friday night Glow Skate and even Learn To Skate programs that are now in full swing.

## Stolen GC car turns up in Lincoln Park

### Stolen vehicle

A resident in the 32000 block of Balmoral in Garden City said that she didn't notice until Nov. 22 that the 2006 Lexus convertible usually parked in her driveway was missing.

That wasn't uncommon she told the police officer because she owns nine vehicles and four are usually parked in her driveway. She told the police that she still had all sets of keys, and the vehicle had a partially flat rear tire.

When the police investigated, they learned that the Lincoln Park police had the auto towed and impounded with a set of car keys inside. The own-

er said that she didn't know the man who stole her car and who Lincoln Park police arrested for driving with a suspended license and for reckless driving. She also couldn't explain why he had the car keys.

### Home invasion

A Realtor reported the theft of copper plumbing from the basement of a home in the 5600 block of Gilman Nov. 24. She said that she hadn't checked on the home for a month.

The police believe that the thieves entered through a bedroom

screen which was cut and pried off. There were no pry marks on the window which was left open.

An air conditioning unit was also stolen.

### Theft

An employee at the Rite Aid store, 29447 Ford, reported that an unknown man stole about eight miscellaneous bottles of liquor value at \$140 about 5 p.m. Nov. 30.

The clerk said that the man left the store without paying for the liquor and sprinted across the drugstore parking lot and then into the adjacent McDonald's parking lot.

A customer said that she observed the suspect getting out of a pickup before entering the store. Because she was gone when the police arrived, the customer couldn't be questioned.

The store employee described the thief as having a thin build, wearing a sweater hoodie, jeans and gym shoes.

### Suspended licenses

When the police heard a 21-year-old Taylor man's loud exhaust, they stopped the driver at Ford and Garden about 3:30 a.m. Dec. 3. He was immediately arrested for driving with a suspended license.

He said that he was delivering newspapers before he was stopped.

• A 24-year-old Westland woman was arrested for driving with a suspended license about 11 p.m. Dec. 2 in the area of Merriman and Beechwood.

She, at first, told the officer that she didn't have her driver's license with her. Upon investigation, the officer learned her license was suspended and she had no proof of insurance.

• A 43-year-old Wayne man was arrested for driving with a suspended license in the area of Middlebelt and Cherry Hill about 8:30 p.m. Dec. 2.

### Identity theft

A resident in the 31000 block of Block reported that someone used her personal information fraudulently in November. A student charged \$3,000 at American Public University in West Virginia, using the woman's name, Social Security number, date of birth and address.

### No license

The police arrested a 30-year-old Westland man for driving with no license at 4:30 a.m. Nov. 27 at Merriman and Warren. The driver could only produce immigration papers.

### Larceny from a vehicle

An iPod and a GPS unit valued at \$200 were reported stolen Nov. 26 from a 2010 Ford Fusion parked in the 29000 block of Brody. There was no damage to the vehicle which the owner said had been parked in the rear yard.

### Break-in

On Nov. 26, a resi-

dent in the 33000 block of Lynx told police that someone had broken into his garage and motor home. Officers found pry marks on a garage window and the motor home door. The owner said numerous items were missing, including stereos, speakers, a bag of tools and a cordless drill.

### Vandalism

A resident of the River Bend Apartments, 30154 Warren Road, told police Nov. 26 that someone had slashed tires on two vehicles. Four tires were reported cut and flat on a 1999 Ford Econoline van with one tire slashed on his 2009 Lincoln MKX.

### Vehicle stolen

A 2007 Ford Focus was

reported stolen Nov. 28 from the parking lot at the Country Court Apartments, 5995 N. Wildwood. Broken glass was found on the ground and the owner told police she had the keys.

### Vandalism

The sliding passenger door to a Dodge Grand Caravan was reported damaged while it was parked in the 8200 block of Hugh Nov. 27. The owner said nothing of value had been stolen from the vehicle.

### Larceny

An employee at the Sunoco gas station, 31215 Warren Road, told police Nov. 29 that someone had cut into the outer metal housing on an coin-operated air pump located

on the north side of the building. An unknown amount of coins had been stolen.

### Vandalism

A Westland man told police Nov. 29 that someone had damaged the passenger door lock, the steering column and ignition on his 2003 Ford Econoline wagon while it was parked at the Michigan Academy of Gymnastics, 5870 Hix.

The owner said the vehicle had been left parked behind the business since Nov. 23.

### Hit and run

A Canton woman told police Nov. 29 that she was driving eastbound on Ford when she slowed for a red light at Wild-

wood. She said she was rear ended by a pickup truck that was directly behind her.

The woman said she pulled her 2013 Ford Taurus into a parking lot and saw the truck driver pull into an adjacent parking lot. The other driver got out to look at his truck and then drove away with attempting to leave any information. The report didn't indicate whether the Taurus had been damaged.

### Vandalism

A resident at condominiums in the 8200 block of Bristol told police Nov. 29 that someone had spray painted graffiti on the side of a condo, a stop sign and a Dumpster.

# Check Social Security info to avoid errors later

By Rick Bloom  
Guest Columnist

I met with a new client recently and, when reviewing their information, something didn't seem quite right. The husband told me that he had worked for nearly 40 years, but when I looked at his Social Security benefits, it appeared that he was not receiving nearly the amount which I thought he was entitled to. When I questioned him on it, he told me that one of his previous employers had misreported his Social Security number and the result was he did not get credit for his earnings for a number of years.

Money Matters

Rick Bloom

He told me that he didn't notice the error until he applied for Social Security. He was told that because of statute of limitation issues with Social Security, it was too late to make a change. He hired an attorney to fight his case, but he was unsuccessful. The end result was that he and his wife received reduced benefits because of the clerical error.

I'm not sure how often this happens, but I have no doubt when it does, the consequences are severe.

In the late 1990s, the Social Security Administration recognized that there were issues when it came to benefits. As a result, the agency started sending out a yearly statement to everyone on his/her birthday. The statement contained a list of annual Social Security earnings from the time you had started working to the present time. In addition, the statement also estimates your Social Security benefit. It showed what would happen if you collected at your normal retirement age at 62 or at 70.

Sending out the statements provided an easy way for people to review their Social Security information. Unfortunately,

because of budget cuts, the SSA ceased sending those statements for all citizens last year. However, the SSA did start re-sending statements on a person's 25th birthday and to those over age 60 who are receiving benefits.

If you were not in that limited group of people who are receiving a Social Security benefit statement, checking your benefits is something you need to do.

I recommend checking your Social Security earnings record once a year to make sure that they are accurate. Social Security has made it easy to do. Go online at [www.ssa.gov/mystatement](http://www.ssa.gov/mystatement) to review your account. You will be asked a number of questions about yourself and this will allow you to set up an account where you can review your earnings.

If after you have set up an account and reviewed your statement you find there is an error, immediately contact Social Security to correct the error. Remember, Social Security has a very short statute of limitations, so time is of the essence.

I look at Social Security not as a government benefit program, but rather as an insurance policy. You paid money into Social Security and you're entitled to collect the benefits. If the records that Social Security has are in error, it is going to cost you and potentially your family a substantial sum of money.

If you believe the money looks better in your pocket than it does anyone else's, then it makes sense to set up an account through Social Security and spend a few minutes to make sure your information is correct.

The few minutes that you spend can eventually mean thousands of dollars more that will end up in your pocket — exactly where it belongs. Good luck!

## Technology in learning

State Sen. Glenn Anderson met with students from William D. Ford Career Technical Center in Westland, who participated in the 12th annual AT&T/MACUL Student Technology Showcase Nov. 28 at the State Capitol Building in Lansing. At the showcase were Steve Schiller, Michigan Association for Computer Users in Learning board president (from left), Donald Dick, Kaylee Yuresko, Anderson, Brandi Caloia and teacher Zach MacLean. The Wayne-Westland school was one of nearly 35 elementary, middle and high schools statewide that participated in the event which showed members of the Michigan State Senate and House of Representatives how technology is being used in the classroom to enhance student achievement. AT&T and MACUL sponsor the event.

## Conference features Westland's Passport to Health program

By LeAnne Rogers  
Observer Staff Writer

Westland's Passport to Health Program will be featured during a daylong obesity prevention conference Friday.

Wild

"I'll be part of a panel on building partnerships for a healthy community," said Westland Mayor William Wild.

The theme for Wayne County's Annual Obesity Prevention Conference is asking community leaders and businesses to "Step into Action."

For Wild, that means talking about the Passport to Health program which lets registered participants earn rewards when their passports are stamped for exercise, healthy eating and doing other things that are good for them.

"We have 200 participants as of Monday. We're coming out in January with a re-launch — a passport 2.0," said Wild. "That will expand it and add some new things. We're partnering with someone and will have a surprise announcement."

Actually, Wild let the surprise out — Passport to Health will join forces with Buddy Shuh, a Wayne pastor and recent participant on the reality weight loss show *Biggest Loser*.

"With Buddy Shuh, we will take it to next level," said Wild, noting Shuh's congregation meets at Westland's Friendship Center.

The *Detroit Free Press*'s Stephen Henderson will moderate the panel discussion on communities working together. Along with Wild, the panelists will include Gloria Zunker of the Michigan Department of Education, Dr. Reginald Eadie of the DMC, Dr. Kimberly Dawn Wisdom of Henry Ford Health System, Detroit City Council President Charles Pugh and Wayne County Commissioner Tim Killeen.

Local physicians, dietitians and fitness instructors also will be on hand throughout the day in various workshops to discuss healthy eating, weight management, surgical options and more.

The conference will be held Friday at Wayne County Community College-Northwest Campus, 8200 W. Outer Drive, Detroit. Registration is 8 a.m. with the conference scheduled to run from 8:30 a.m. to 4 p.m. Preregistration is required and can be sent to [culrich@vceonline.org](mailto:culrich@vceonline.org) or sent via fax to (734) 785-7740.

# Does your holiday gift list include a new car?

## Area dealers are ready, willing to help make it a Christmas to remember

By Michelle Muñoz  
 Correspondent

We've all seen the TV commercials around this time of year — someone looks out their window Christmas morning to find a shiny new car in the driveway with a big bow on top. Have you ever wondered if that really happens?

Area car dealers say it does indeed, and the big bow is part of the deal. Dealers all over southeast Michigan say giving cars as gifts doesn't happen everyday, but when it does the buyer often enlists the help of the dealership to orches-

trate the perfect surprise. course, growing up in it, I have always seen about four or five during the holiday season," Jeannotte said. "It's a lot more common than people are aware."

Ed Pobur, general manager of Cadillac of Novi, likes to remind his sales staff that not only is the customer trying to craft a surprise, but they are also buying a new car, something that people only do every few years. Pobur and his sales staff do what they can to make the experience special.

Rob Millar, a sales associate at Fred Lav-ery Porsche in Birmingham, said he has delivered vehicles to valet stands at restaurants or country clubs. Bob Faust, general sales manager at Jack Demmer Ford in Wayne, said the dealership has even delivered vehicles Christmas Day to a buyer's home.

Dealers said the cars are going to children from parents for graduation or birthdays, from one spouse to another (usually from husband to wife) and sometimes from children to their parents.

### Popular models

A dealership's most popular models are often their most popular gifts as well. Often the people giving the car go for practicality and affordability rather than luxury. Jason Scott, general manager of Dick Scott Dodge in Plymouth, said the customer will go with whatever car fits their needs.

Hunsinger enjoys getting involved and helping to create a magical gift-giving moment.

"There hasn't been a request that we haven't been able to assist with the gifting of a vehicle yet," Hunsinger said. "It's really a fun and engaging experience."

Ron Chaudoin, general manager at Lou LaRiche Chevrolet in Plymouth, said gifting a car to loved ones is something everyone should take into consideration.

"I don't know why more people don't buy them as gifts," Chaudoin said. "If you're

going to buy a car anyway, why not take credit for it and get it as a present for the family."

Before making the move, though, do your homework. Even though it is often a surprise and a gift, picking the right car requires some forethought. Steve Hunsinger, new car sales manager at Jack Demmer Lincoln in Dearborn, said he has seen a few customers try to return a gifted car after the holidays.

Deciding between a lease and a purchase depends on the situation, dealers said. Chaudoin said parents of children heading off to college should consider whether they want the car to last throughout the four years of school when opting for a lease or purchase.

When spouses are picking a car for each other, doing some preliminary shopping can make a big difference, dealers said. Jeannotte said the successful surprises usually start with a couple browsing together before one decides to make the car a gift. He said some spouses also like to go with a pre-

paid lease, so the car can be enjoyed worry-free until it's time to pull out another big holiday bow.

John Swanson, Buick and GMC sales consultant from Somerset Buick in Troy, said the deals customers can get during the holidays bring them in, not necessarily gift shopping.

"It definitely happens during the holidays," said Mike Schrieber, new vehicle sales manager at Bill Brown Ford in Livonia. "Every year there is someone who wants to buy a car for a loved one and put a bow on it and have them show up here and surprise them."

Chris Jeannotte of Bob Jeannotte Buick GMC in Plymouth said the dealership already has two cars prepared for Christmas delivery.

"I've been in the business for 22 years and, of

## Best gadget gifts for holidays

By Jon Gunnells  
Guest Columnist

If the person on your holiday shopping list already has the newest tablets, video games and electronics that doesn't mean you still can't surprise them. Here's a list of hot gadgets for 2012 that most people have never heard of.

Tech Savvy

Jon Gunnells

### AR Drone

This amazing toy is what happens when remote control devices meet the smartphone age. The AR Drone is a remote-controlled helicopter that can be controlled by an app on your Verizon smartphone. The wi-fi enabled helicopter has two on-board cameras and 1GB of storage. It takes still photographs in 720p HD and charges using a lithium ion battery. The drone has altitude sensors and even some not-so-new technologies: stickers so you or your recipient can customize the look.

The AR Drone is compatible with Android and Apple devices and retails for about \$300.

### Zepp GolfSense Swing Analyzer

A perfect gift for the golfer on anyone's list. The Zepp GolfSense Swing Analyzer uses

a sensor to determine club speed, position and temp of your golf swing. The analyzer is light and attaches to any club with a strap. Like the Drone, the golf swing sensor reports data to your iPhone so golfers can analyze the data when they are off the links.

Golfers can also use this device by placing it in their pocket to analyze hip motion during the swing. The analyzer is compatible with Apple products and retails for about \$130.

### Belkin Netcam Wi-Fi

Ever wonder what happens at your home when you aren't around? For a reasonable price (\$130) you can find out. The Belkin Netcam lets you, your friends or family keep an eye out when you're not around.

This Wi-Fi enabled camera, can also be controlled by your Verizon mobile device and shoots wide angle videos and even utilizes night vision. Owners can receive piece of mind by sending email alerts when the camera detects activity.

The Netcam is compatible with Apple and Android devices that can automatically save your recordings and photos.

### Nest Labs Learning Thermostat

The energy-saver on your shopping list will appreciate you for this gift and their bank account will too.

The Nest Labs Learning Thermostat is an advanced, programmable thermostat that automatically learns heating and cooling patterns of the home.

Like the other gadgets on this list, the Nest can be set remotely from smartphones, because it has a built-in sensor. The first generation Nest Labs Thermostat is available for less than \$200 while supplies last.

The newer model retails for \$250, but even at that price point it is a steal. I installed my Nest Thermostat a few months ago and saw a 34 percent decrease in energy consumption from November 2011 to November 2012. Based on my savings thus far, my new thermostat will have paid for itself by the end of winter.

### Under \$100

On a tighter budget? There are still plenty of cool gadgets for less than \$100 including the Kindle Fire (\$70) e-reader, the Roku LT (\$50) media player that attaches to your television and the Logitech Wireless Solar Keyboard (\$65).

Logitech also offers a number of great-valued gadgets this holiday season like their Harmony universal remote which is a beginners' universal remote for less than \$70.

Chef Aaron McCargo Jr. also met with the staff of Fresenius Medical Care Garden City, which included renal dietitians, social workers and nurses. When a patient begins dialysis treatments at Fresenius Medical Care, a healthcare team works together to ensure the patient is maintaining their best quality of life to live a better on dialysis.

## Food Channel chef creates stir at dialysis center

Chef Aaron McCargo Jr. created a stir when he stopped by Fresenius Medical Care Garden City Friday.

McCargo bought his cooking skills and signature "flavor of bold" cuisine to the center to help dialysis patients and their families learn how to create delicious kidney-friendly meals. He also shared cooking tips and recipes for the holidays, signed autographs, and distributed Fresenius Medical Care's *Fill Your Plate* cookbook to the first 100 attendees during his visit.

# 'It's a Wonderful Life' star talks Hollywood and beyond in Penn Theatre appearance

By Matt Jachman  
Observer Staff Writer

Yes, Virginia, there is a wonderful life after Hollywood.

Virginia Patton Moss, who had a bit role in *It's a Wonderful Life*, spoke about her film career — and giving it up — on Sunday after signing autographs and posing for pictures at Plymouth's Penn Theatre ahead of an afternoon showing of the Christmas time classic.

Moss said she couldn't find a role model, among the stars of the era, who appealed to her.

"I couldn't see me doing that for my life," said Moss, who acted as Virginia Patton in 15 movies between 1943 and 1949, according to [imdb.com](http://imdb.com), the Internet Movie Database. "That isn't what I wanted."

Patton instead married Cruse Moss, an industrial engineer who went on to have a long career in vehicle manufacturing. He is credited with developing the Jeep Wagoneer, a pioneering sport-utility vehicle, while a vice president at the Willys Corp.

Virginia Moss recalled that Frank Capra, the director of *It's a Wonderful Life*, told her, "You made the right choice." She and Capra kept in touch for many years.

#### Fans flock to theater

Cruse Moss accompanied his wife Sunday during her appearance at the Penn, which saw dozens of people lining up to meet them before the mov-

ie started. The two have been married since 1949.

One fan, Robert Volpe of Livonia, had her autograph an original poster for the 1949 western *Black Eagle*, in which she played the female lead. "Not a good movie," she told him.

Volpe also had another poster, for *The Horn Blows at Midnight*, a vehicle for the comedian Jack Benny in which Patton had a small role.

Virginia Moss said she was cast in 1946's *Wonderful Life* when she appeared in a play at the University of Southern California that was directed by William DeMille, the brother of legendary Hollywood

director and producer Cecil B. DeMille.

She remembered the *Wonderful Life* set as being one of both good camaraderie and professionalism. "When you were on that set you knew your lines," she said.

The Mosses, who live in the Ann Arbor area, had three children and became active in the community, and remain so; Virginia Moss was on the Board of Trustees at Cleary University and is still a docent at the University of Michigan's art museum.

#### A Bailey foil

In *It's a Wonderful Life*, Virginia Patton played Ruth Dakin Bailey, who

marries Harry Bailey, the brother of George Bailey, the film's central figure, played by Jimmy Stewart. It is Ruth who pulls Harry (Todd Karns) from the family business, Bailey Building and Loan, further trapping the unhappy George there.

In a scene filmed at a train station in Pasadena — they only time, the actress said, the cast was filmed off the set — Ruth is introduced to George Bailey and Uncle Billy (Thomas Mitchell) for the first time as Harry returns from college with his new bride.

The Penn audience on Sunday applauded warmly as Patton first appeared on the screen.

"Ruth Dakin Bailey, if you don't mind," she announces smartly when her film husband introduces her.

A moment later, she's talking to George, who realizes he's gained a sister-in-law but lost a successor for the family business, which, at this point in the movie, doesn't suit his dreams.

Patton and Stewart share a bag of popcorn in the scene — something that stands out in the actress' memory.

"I'm eating buttered popcorn with white gloves on," she recalls worrying. "What if Capra pulls in for a closeup?"

After Sunday's screen-

ing, Virginia Moss said she was again touched by the movie.

"That really is a wonderful motion picture," she said as she exited the auditorium. "I haven't seen it for a while."

Her visit was arranged by Andy Zazula of Plymouth, a movie buff who found the Mosses lived nearby and looked them up.

"I think it worked out great," Zazula said of the event, which saw a near-capacity crowd turn out to see the actress. "I knew it would happen, people would eat this up."

## OUR VIEWS

# Speak up!

Tell lawmakers what you think about budget, school issues

As lame duck sessions go, this one is shaping up to be an interesting one when it comes to the Michigan Legislature and U.S. Congress.

In the past two weeks, Gov. Rick Snyder has rolled out his plans for sweeping reforms of public education and revamping the state's personal property tax. Congress, on the other hand, is in the middle of a stare down with the President that could take the country over the fiscal cliff.

None of these issues as they presently stand, bode well for taxpayers. Michigan cities could lose money with the elimination of the personal property tax that businesses pay. School districts could lose control of their purse strings not to mention unused school buildings. And taxpayers would lose even more, if there's no agreement on continuing tax cuts and a long-term plan to cut the deficit.

This all comes at a time when politics is the last thing people want to think about. It's Christmas. There's gifts to buy, cookies to bake and parties to plan.

Wrong. Voters also need to keep their attention focused on what is happening in Washington and Lansing, and let legislators know what they think about their plans.

In the case of the fiscal cliff, the pain will be felt in pay checks. The House and Senate failed to resolve major party differences on \$1.2 trillion in targeted savings over 10 years, triggering the tax hikes and program cuts scheduled to begin next year. Income tax will increase, if the Bush tax cuts are allowed to expire on Dec. 31, and payroll taxes will climb, if President Barack Obama's two-year-old Social Security payroll tax ends.

It's time to get on the phone, write an e-mail or send a letter. Compromise is needed now, not in the 11th hour. Recovery from the last recession has been painful at best and the financial losses, as the result of it, have affected all citizens. Partisan politics need to be set aside for the good of the country.

Lansing is another place voters need to watch closely.

Gov. Snyder has done well to turn around the state's finances, but at what price? Support to public schools has been cut, and cities have seen revenue sharing slashed. Both entities now must meet a number of devised best practices to get a little extra cash out of the state.

While the elimination of the personal property tax would be phased in, it's still a loss for cash-strapped communities, even with the creation of an authority that would send back money, if the loss is a minimum 2.5 percent of the general fund revenues.

School districts, for years, have said that the funding mechanism for K-12 education is flawed, but the proposed changes which would revamp the School Code go well beyond tweaking.

The governor has said the state's educational system has not given taxpayers, teachers and students "the return on the investment" they deserve." Last month lawmakers rolled out proposed bills that will, among other things, create a new any time, any place, any way, any pace public school learning model in which per pupil school aid would be tied to the student not to a specific district.

The bills also expand the use of virtual learning, putting education just a mouse click away, use performance as the basis for funding and create a list of unused school buildings that could be taken over by the state and repurposed for public academies and charter schools.

Politicians are always good about telling constituents what they want and what they need, whether or not they want it or need it. In these instances, people need to make it perfect clear what it is they want: Higher taxes? Giving up local control of their school districts? Giving up control of school buildings they paid for with their tax dollars?

Whether the answer is yes or no, now is the time for people to let their voices be heard loud and clear. Today is the day to send the Beltway and Lansing a message: You, the people, elected them, and they need represent your interests, not theirs.

Don't wait, don't hesitate. Tomorrow will be too late.

### What to do with Obama

Mr. Obama has been doing a reasonably good job.

His muzzling of the banks following the market crash that coincided with his election seems to be going well. The banks appear to be returning to their role in our economy.

The medical insurance system he proposed is some response to the problems of greed and fiscal incompetence of American health care.

Obama exulted in his victory at this last election. He even shed at least two tears. I saw them on TV.

It is my opinion that his plate is full. Ensuring the banks continue to reduce their own business activity while performing the functions they should — like lending, saving and investment — is a large task. His insurance scheme has yet to be put into operation. That will be much work.

Mr. Obama has, unfortunately, shown a disdain for anyone who does not swear allegiance to him. It strikes me that he believes that those who oppose him or his ideas are ignorant. His second term is thanks to two factors. First, there are only two powerful (though corrupt) working political parties in the United States. Secondly, the opponent the Republicans chose to pit against him was a gift.

The fact of the matter is that if the American people he looks down on were as ignorant as he seems to believe then we would have put Romney in the White House.

Now that we have dealt with Mitt Romney and the Money Circus — what do we do with Obama?

### The forgotten man

America of the free has transformed into an America of the dependent as President Barack Obama's election promise to "fundamentally transform America" is fulfilled. The guiding principle is now "from each according to his ability, to each according to his need."

Obama's class warfare and envy rhetoric have proven this point. This is a fundamental shift from the idea that each of us may "pursue" a better life, as established in our founding, to one that demands a "right" to economic security and happiness. In this rush to create entitlements and a dependent society, we tend to forget who will pay.

Near the time of our founding, Frenchman Alexis de Tocqueville noted that eventually people in a democracy will discover they can vote for politicians who will provide what they demand from others. During WWII, Austrian economist Friedrich Hayek wrote in "The Road to Serfdom" that planned collectivist economies, like Obama's, a necessary trade

off of personal freedom with a coercive centralized government. Following the Great Depression and during WWII, FDR promoted an economic "second Bill of Rights" giving the right to the necessities of life at public expense.

Buried deep within this ebb and flow of history is "the forgotten man." This is the person who dutifully works to provide the wealth and resources consumed by government planners and the dependent in society. In 1883, Yale professor William Sumner first lectured on "the Forgotten Man." In this brilliant essay, he described a hardworking individual who pays, but is "never thought of" for his contribution. Later during the Great Depression, FDR cynically appropriated the phrase referring to the forgotten man as those needy and necessarily dependent upon government. It's time to return professor Sumner's original definition to the public consciousness. The forgotten man is a victim of Obama's policies.

If you need evidence, look around. Government policies such as the Community Reinvestment Act corrupted the financial institutions and destroyed home values. My relatives lost a great deal in value off their "old GM" stocks and bonds after the GM bailout. I have seen people in my extended family out of work and comfortable on the public dole.

In the larger moral battle, charity should be with the individual, not with the coercive power of the state. Therefore, out of respect and fairness to the forgotten man, I see no reason to compromise and accept Obama's transformational regime.

**Robert Smith**  
Milford

### Stand up

We all need to contact especially our Michigan Republican representatives in Congress. They need to know that we want compromise, not the same old bickering. They need to hear that Grover Norquist is not running this country. That a vast majority of us want the rich to pay a little more. That taxing them more on what they earn over \$250,000 will not kill them. They still will be able to spend tons of money and still live in their huge homes and still be able to buy anything they want.

But if we sit back and don't say anything, our elected officials will think they don't have to represent us and Grover Norquist wins. Therefore, I am asking everyone to stand up for the 99 percent of us who are now carrying the burden of taxes proportionally.

# Wayne Clinic receives health foundation grant

A medical clinic that provides free care to low-income, uninsured adults has received a \$12,500 grant from the Metro Health Foundation of Detroit to help expand the services provided by its satellite medical clinic in western Wayne County.

The Hope Wayne Medical Clinic is based on the model of Hope Medical Clinic in Ypsilanti, which was founded in 1982 by a local family practitioner Dr. Daniel Heffernan. Hope opened the clinic

in 2007 to provide more accessible care for the many patients who were traveling to Ypsilanti from western Wayne County. In August 2012, the Wayne Clinic moved to its new home in the basement of the Lighthouse Home Missions building at 33608 Palmer Road, Westland.

The clinic has weekly walk-in clinics on Saturday mornings with sign-in from 8:30 to 9:30 a.m. It also has two monthly weekday clinics to provide continuity of care

for patients with chronic conditions. Care is provided by volunteer doctors, nurses, and other medical professionals, supported by a small paid staff. St. Joseph Mercy Health System and St. Mary Mercy Hospital in Livonia provide laboratory services and X-rays. Referrals for specialty care are made as resources are available.

Free or low-cost medications are provided to Hope patients through retail programs, pharmaceutical company patient

# 'Pray for us,' says Awrey worker

## Company seeks buyer, investor to prevent shutdown

By Karen Smith  
Observer Staff Writer

Brian Corrigan, a union steward at Awrey Bakeries, is taking things one day at a time as the 100-year-old Livonia company seeks to find a buyer or investor to prevent a permanent closing early next year.

"The last year's been rough," said Corrigan, a Garden City resident who has worked there for 33 years washing pans and doing general cleaning.

A letter was delivered to United Distributive Workers, Council 30, last Thursday by certified mail giving written notice that Awrey could lay off about 150 workers — and possibly shut down — due to economic

conditions unless a buyer or investor is found, according to published news reports.

By federal law, Awrey must give workers — or their union representatives — at least 60 days' notice.

Joe Silva, president of United Distributive Workers, Council 30, could not be reached for comment last Friday. Awrey CEO Bob Wallace did not return a reporter's call last Friday.

The company has 157 union employees and 46 non-union workers, according to the notice signed by Wallace, and will "fully and permanently close" during a 14-day period between Jan. 27 and Feb. 9 unless a buyer or investor is

found, the news reports said.

Corrigan said the plant was quiet as employees went about doing their jobs.

"No one's doing anything stupid," he said. Corrigan, who has two grown sons and whose wife works at a group home, said he doesn't know what he will do if the plant closes.

"It's too early to tell,"

he said.

Corrigan said he was laid off for a week once before by Awrey, but this is different.

"You're talking about closing a facility down. You've got a lot of people working here. Pray for us."

Last Wednesday, hit driver Tim Gallagher told the *Observer* the plant was told by management the previous

day that employees can expect to receive a written notice soon.

"They met with our top committee, who then came down and told us," said Gallagher. "They said that if the company could not find another buyer or investor, that the business is closing."

Council 30 agreed to a wage cut in late May to help keep the company from closing its doors. The union voted to accept a \$1 cut in members' hourly wage at that time and a second 85-cent cut in September. The 160-member union voted to accept the wage cuts in a 97-38 vote.

Gallagher doesn't understand why the company is facing continued financial problems.

"We already gave them \$2 (\$1.85) in May, and \$3 an hour several years ago when the company was sold," Gallagher said.

Awrey moved to Livonia from Detroit in 1967.

It got its start in 1910 in the home of Fletcher and Elizabeth Awrey, who were living in Detroit, after moving there from Canada.

The Awrey family no longer owns the company. It was sold in 2005 to Hilco Equity of Chicago and Monomoy Capital to help the company emerge from Chapter 11 bankruptcy. In June 2009, Awrey's purchased Athens Elegant Dessert in Noblesville, Ind., which specializes in the company's cheesecake and high-end desserts.

Awrey makes a number of items including cakes, cookies, Danish pastries, doughnuts and croissants, which are used by restaurants, hotels, schools, hospitals and other institutional customers.

Livonia native Riley Barber (11) has been named Central Collegiate Hockey Association Rookie of the Month twice already as a right winger for first-place Miami of Ohio.

### Miami rookie Barber eyes World Juniors

By Brad Emons  
Observer Staff Writer

Not even a trip to Fairbanks, Alaska, over the weekend could put a freeze on one of college hockey's hottest freshman.

Miami of Ohio right winger Riley Barber popped in a goal and had a pair of assists as the RedHawks swept their Central Collegiate Hockey League two-game series with Alaska, 5-2 and 4-0.

"It's cold, negative 30 (degrees) up there," Barber said. "It was pretty crazy, but at the same time it's good to be back. It's warm here. It's good

Barber

to come back, too." The Livonian, a sixth-round pick (167th overall) of the NHL's Washington Capitals, has felt right at home ever since he stepped on the ice for the fourth-ranked RedHawks, who stand 9-2-3 overall and 6-2-2 in the CCHA.

The 5-foot-11, 185-pound Barber ranks second in the CCHA in scoring with six goals and 12 assists and has already been named CCHA Rookie of the Month twice.

On Tuesday, Barber was

named to the preliminary roster for the 2013 U.S. National Junior Team, which will compete Dec. 26 through Jan. 5, in Ufa, Russia, at the IIHF World Junior Championships.

The 27 players named to the U.S. roster will convene Dec. 16-18 in Tarrytown, N.Y., for training camp at the New York Rangers' Madison Square Garden Training Center. Another camp will then be held Dec. 19-23 in Helsinki, Finland, where the 23-man roster will be announced.

## Robichaud staves off Glenn rally

Westland John Glenn's second-half comeback fell short Tuesday as the Rockets dropped their boys basketball season opener at Dearborn Heights Robichaud, 61-59.

James McPherson paced four Bulldog players in double figures with 15 points.

Darius Phillips chipped in with 11, while Robbie Crawford and Lloyd Harris-Bay added 10 apiece.

### BOYS HOOPS

Junior forward Isaac Everette paced Glenn with a game-high 23 points, while senior guard Nick Daniels added 14.

Glenn trailed 30-20 at halftime and 49-37 after three quarters before making a run with Everette and Daniels combining for 17 of the Rockets' 22 points, but it wasn't enough.

Junior forward James Pruitt added 11 points for the Rockets, who made 13-of-19 free throws. Robichaud connected on 8-of-13 foul shots.

**BELLEVILLE 69, WAYNE 42:** Rod Walker scored 18 points and Alex Fowler added 13 Tuesday to lead the host Tigers past Wayne Memorial in the season opener.

Wayne trailed by only three at intermission, 24-21, before being outscored 27-15 in the third quarter and 18-6 in the fourth.

"We had a great first half," Wayne coach Mike Schuette said. "The second half our defense went sour, along with our ball-handling, passing and rebounds. Everything that could have gone wrong went wrong."

"We have a lot of first-year varsity players and now they know what it's like."

Josh Lowry scored nine in a losing cause, while Juawn Snipes and Rio Washington added seven apiece.

## MU volleyball duo honored

Two Madonna University women's volleyball players, junior setter Evia Prieditis (Milford) and senior middle hitter Nastija Baranovska (Riga, Latvia), were both named to the 2012 National Association of Intercollegiate Athletics (NAIA) Volleyball All-America team.

Prieditis — who was also selected to the Wolverine-Hoosier Athletic Conference (WHAC) first-team for the third straight season — was named WHAC Player and Setter of the Year after leading the league in total assists (1,698) and assists per set (11.1).

She ranked sixth nationally in assists per set and fourth in total assists.

The second-team All-America award comes on the heels of the junior setter being named AVCA Region Player of the Year last week. Prieditis currently sits third in career assists (6,154).

Baranovska earned honorable mention honors after leading the WHAC in total blocks (152) and blocks per set. Her .342 attack percentage ranked 19th nationally, while her 152 total rejections was good for 13th nationally.

## MU spikers All-Academic

Three Madonna University players — Emilie Freeman (Lutheran High Westland), Nastija Baranovska and Nastija Seremetjeva (both of Riga, Latvia) — were selected to the Daktronics NAIA Scholar-Athlete team.

Baranovska (English), Seremetjeva (international business) and Freeman (language arts/education/math) all qualified by carrying a 3.5 cumulative G.P.A. or better.

## Mira named All-America

Grand Valley State University senior Alyssa Mira (Livonia Churchill) was recently named to a pair of All-America squads in women's soccer.

For the second time, Mira garnered a spot on the Daktronics NCAA Division II third-team after leading the Lakers with nine assists to go along with three goals.

The midfielder, was also named to the NSCAA/Continental Tire All-America Division II team for the first time after helping the Lakers, an NCAA Final Four team, to 18 shutouts.

Mira closes out her four-year career with 23 assists, which ranks ninth in the GVSU record book.

Mira was also named to the All-Midwest team and is a two-time All-Great Lakes Intercollegiate Athletic Conference selection while also earning Defensive Player of the Year honors as a junior.

GVSU junior defender Kayla Kimble (Livonia Stevenson) also earned second-team All-Midwest honors for the 20-2-3 Lakers, who fell 2-1 to UC San Diego in the national semifinals.

Churchill's Michelle Azar (4) rushes the ball down the court with Dearborn's Fatima Zahr (24) in pursuit during Tuesday's season opener.

## Up-and-down

### Chargers inconsistent despite win

It was less than an artistic victory Tuesday night for the Livonia Churchill girls basketball team, but the Chargers will take it.

Churchill, playing its season opener, used a 14-3 first quarter advantage before holding off visiting Dearborn's second half surge for a 43-35 triumph.

The Chargers led 24-10 at halftime, but got outscored 25-19 by the 0-3 Pioneers in the second half.

"We came out really flat and we couldn't score," Churchill second-year coach Matt McCowan said. "We couldn't get into the groove. It was our first game."

"Then we got into a groove, but came out in the third quarter really flat and then picked

ourselves back up. We had really high-highs at one point and really low-lows at other points. We have to realize that's it's four quarters. We have to play all four quarters the same."

Senior Sydney Anderson paced the victorious Chargers with 14 points, while Julia Szuba and Michelle Azar added seven each.

Molly Jarvis also pulled down 10 rebounds. Amelia Denison led Dearborn with 11 points, while Fatima Zahr added eight.

The Pioneers shot a miserable 10-of-29 from the foul line (34.4 percent), while Churchill made only 16-of-31 (51.6 percent).

"We definitely have to shoot better at the line

and be more disciplined," McCowan said. "Key girls got in foul trouble the first half and it really threw them off and they came out cold the second half."

**JOHN GLENN 66, G.P. NORTH 34:** Senior Raine Bankston scored 16 points to lead four players in double figures Tuesday as host Westland John Glenn (1-0) ran away from Grosse Pointe North (1-2).

Junior Kaira Barnes added 13 points, while seniors Raven Bankston and Kierra Jordan chipped in with 12 and 10, respectively, for the Rockets, who led 16-2 after one quarter and 47-24 after three.

Maria Liddane paced the Norsemen with 14 points.

Glenn made 7-of-10 foul shots, while North connected on 5-of-8.

## Livonia Red gymnasts have high hopes

By Brad Emons  
Observer Staff Writer

Livonia Red girls gymnastics coach Kelly Grodzicki is eagerly anticipating Thursday's season opening tri-meet at Plymouth against Salem.

"We definitely have a lot more depth this year," said the 11th-year coach. "We have the talent. It really comes down to if we can keep everyone healthy. If we can push through and hopefully come ahead of where we were last year, that would be great."

Diaz

Livonia Red, despite the graduation loss of Division 2 individual state qualifier Rose Prebola on the balance beam, should be able to surpass last year's eighth place finish in both the regional and Kensington Lakes Activities Association meet.

Junior Shannon Diaz (Churchill) leads the way after finishing 10th on the uneven bars (8.9) at last year's Division 2 individual state finals.

Diaz will be an all-around performer along with senior captains Maggie McGowan (Churchill), Mallory Dorton (Franklin) and Sarah Gosdzinski (Franklin).

# Brighton's special teams haunt Pats

**State champs win, 12-4**

Defending Division 1 state champion tallied four power play and added three short-handed goals en route to a 12-4 mercy-rule boys hockey win Saturday afternoon over visiting Livonia Franklin at the Kensington Valley Ice House.  
The Bulldogs, who improved to 6-1 overall, got pair of short-handed goals from Brian Dowd along with two each from Joe Borst and Michael Yuhasz.  
Other goal scorers for Brighton, which led 4-3 after one period and 7-3 after two, included Danny Bosio, Luke Mor-

gan, Tyler Hayes, Mike Gessler, Aaron Sturos and Alex Saychak.  
"Brighton is one of the top programs in the state and we were in it until they scored three power play goals during a 5-minute major at the end of the second and beginning of the third," said Franklin first-year coach Dennis Gagnon, whose team slipped to 1-2-1 overall. "We lost our composure a little bit and had some discipline issues. You can't afford to have any lapses against such a skilled and well coached team."  
Mike Diaz had an unassisted short-handed goal and two assists for the Patriots, while Matt Van

Hulle and Josh Dudek added one goal apiece.  
Other assists went to Elijah Grimm and Tyler Morrison.  
Matt Monendo played the first two periods in goal for the Patriots before giving way to Sean Reeves-Carson in the third period.  
Matt Scrivano was in goal for the Bulldogs, who ended the game with three minutes to go.  
"Overall, I was pleased with our effort," Gagnon said. "And I think our team is starting to realize that we can compete with the upper echelon teams, as long as we maintain our focus and discipline. I look forward to watching our team improve and mature as the season progresses."

## Livonia gymnasts show potential

By Brad Emons  
Observer Staff Writer

There were plenty of ice packs to go around Monday night following Livonia Blue's season-opening girls gymnastics competition at Livonia Churchill High School.  
Coach Lisa Broomfield's squad got an early jump on the season in a quad meet against Howell, Brighton and Pinckney.  
Howell came away the victor with 134.35 points, while Livonia Blue and Brighton finished second and third with 133.80 and 131.65, respectively.  
Broomfield, whose squad is made up entirely of Stevenson High students this season, lost her top all-around gymnast to graduation in Alex Kitz, who finished 14th in the all-around in the Division 2 individual state finals.  
Kitz also placed fifth on the uneven bars and was 10th in the vault.

Livonia Blue gymnastics team captains this season will be Jamie Jasinski (left) and Allison White.

Also graduating was state qualifier Haley Olson in the vault, along with Andrea Irvine, Sarah Hogan and Alexis Soave.  
"It's definitely a rebuilding year," said Broomfield, whose team finished fourth at the regional (139.65) and seventh in the KLAAs meet last season. "We had a lot of new potential come out, so we're excited to see how the season goes and progresses, and see how they compete as a team."  
Senior returnees Allison White and Jamie Jasinski will serve as team captains.  
White will compete

on vault, balance beam and floor exercise, while Jasinski is slated for the vault and beam.  
Also returning is junior Jillian Zafarana, along with sophomores Katie McDougall and Nicole Sokolowski. The trio will compete in all four events.  
Freshman newcomer Bri Rhoad already shows promise after placing third in the all-around with a 34.80, including a 9.5 on the balance beam in Monday's season opener.  
Another ninth-grader, Emily Chatterjee, added a second on the uneven bars (8.35), while junior newcomer Alex Zukowski contributed a third on the beam (8.85).  
"Alex Zukowski was injured last week and really came out and showed her skills," said Broomfield, now in her seventh season. "And her teammate, Jillian (Zafarana), ended very well tonight. She pulled through with every-

thing. And Bri (Rhoad), our brand new freshmen, came out strong."  
Livonia Blue will have seven days off before returning to action Tuesday, Dec. 11 at Plymouth.  
"The meet came up really quickly in the season," Broomfield said of the Dec. 3 opener. "We need a little more practice putting routines together. They're really going to be a decent team. I'm looking forward to seeing how they do together. We have a lot of new people and a lot of new freshmen that came in with a lot of great skills. Now they just have to get high school scoring down."  
And that gives Broomfield's squad some time to heel.  
"It's been a lot on their bodies in a short time," she said. "It's icing to make sure they're healthy for the rest of the season."

# Franklin falls short at Seaholm

By Brad Emons  
Observer Staff Writer

Livonia Franklin got plenty of offense, but came up a little short defensively in a 65-60 season-opening boys basketball setback Tuesday night at Birmingham Seaholm.

The Patriots connected on 12 three-pointers, but Seaholm held on for the victory thanks to a game-high 26 points from 6-foot-7 senior forward Paris Bass.

Brett Howton chipped in with 18 for the Maples, who led 22-14 after one quarter and 39-30 at halftime before Franklin went on a 19-12 third-quarter run to close the gap to 51-49 entering the fourth.

"We just couldn't take the lead," Franklin coach Jeremy Rheault said. "It was a great offensive game, but we didn't get to the rim as much as they did. Most of our scoring

## BOYS HOOPS

was from the perimeter.

"We had defensive breakdowns and defensive rules were broken. We also struggled from the free throw line (4-of-10)."

Junior guard Alex Armstrong nailed five triples en route to a team-high 17 points for the Patriots. Another junior, Adam Monroe, added 16, while senior guard Andrew Lebbos chipped in with 12.

Michael Gluth also contributed nine points, while Olushakin Cole grabbed a team-high eight boards.

**DEARBORN 70, CHURCHILL 50:** Senior guard Ali Farhat busted loosed for a game-high 32 points Tuesday to propel the host Patriots to a season-opening win over Livonia Churchill.

"Ali is a great player, but we made it easy on them," Churchill coach Jim Solak said. "Our rotations were slow and we did not get back. They got a lot of run-outs for layups. We were slow in every aspect." Ali Aljebury added 12 points

Franklin made 10-of-14 free throws, while Skyline hit 6-of-13.

"Our bench scored 16 points and they helped us stay mentally in the game," Franklin first-year coach Jim Millican said. "We don't play until a week from Friday (Dec. 14 at South Lyon) and these girls are pumped out. It's too bad because they're ready to go."

**STEVENSON 56, THURSTON 13:** On Tuesday, host Livonia Stevenson (2-0) got 14 points from junior guard Rachel Wilkinson in a nonconference rout of Redford Thurston (0-3).

Wilkinson made 5-of-7 shots from the floor on the night for the Spartans, who jumped out to a commanding 33-4 halftime advantage.

The Spartans also got eight points each from Charlesann Roy and Kyra Johnson.

Ariel Paris scored seven for the Eagles, who made 3-of-10 free throws.

off the bench for Dearborn, which led 39-15 at halftime and 59-29 after three quarters. Junior forward Najuan Cousins had 15 points and seven rebounds for the Chargers. Robert Foster, Jr. added 11 points.

Churchill made only 17-of-57 shots from the floor (29.8 percent), including 1-of-15 from three-point range. The Chargers hit only 10-of-19 foul shots.

Dearborn shot a blistering 66.6 percent from the field (32-of-48).

**DIVINE CHILD 35, C'VILLE 28:** In a low scoring affair Tuesday, Zach Welker tallied 10 points as host Dearborn Divine Child earned the season-opening victory over Livonia Clarenceville.

Juwan Nelson led the Trojans, who fell behind 11-6 after one quarter, with a game-high 11 points.

"We got good shots and I'm happy the way we played, but we just couldn't put the ball in the basket," Clarenceville coach Justin Johnson said. "We did a good job defensively and on the boards holding them to tough shots and only one shot."

The Falcons made only 7-of-18 free throws, while Clarenceville went 0-for-7.

## Concordia halts Crusader men, 72-69

Cold second-half shooting from the floor was too much to overcome as the No. 24-ranked Madonna University men's basketball team suffered its first Wolverine-Hoosier Athletic Conference setback of the season Saturday in Ann Arbor to Concordia University, 72-69.

Junior guard Bobby Naubert (Livonia Stevenson) led the Crusaders (6-3, 3-1 WHAC) with 26 points and five assists to go along with seven rebounds.

Fellow junior guard Travis Schuba added 14 points, hitting a pair of 3-pointers while senior forward Eoghann Stephens scored 12 points and tied for the team lead with eight rebounds.

Stephens also posted six blocks, the most for a Crusader in a single game since Geoff Gaylor rejected seven shots (Feb. 3, 2011 against Siena Heights).

Josh Fugate's three-pointer with 19 seconds left in the first half gave the Cardinals (3-7, 2-2) a 37-36 advantage.

The Cards opened the second half on an 8-2 run to lead 45-39, with 16:09 left before the Crusaders responded with an 8-0 run of their

own to retake the lead when Schuba hit a triple from Naubert to give MU the 47-45 lead.

After Fugate tied the game for the fifth time, this time at 49-all, MU used a pair of Stephens' baskets and a triple from Naubert to lead by five, 56-51, with 9:24 remaining.

The Cards took a brief lead, 61-59, on a Fugate 3-pointer, but Naubert tied the game for the seventh time by making a pair of free throws to knot the game at 61-all.

A 5-0 Concordia run gave the Cards the lead back for good but the Crusaders pulled within one on a pair of occasions, the final coming with 32 seconds left. Naubert then hit a pair of free throws to make it 70-69.

The Crusaders were forced to foul and John Schaeffer made both of his free throws to put the Cards on top by three.

Schuba had two looks at a 3-pointer, but the final fell short as time expired.

MU, which shot 48 percent (15-for-31) in the first half, hit only 12-for-34 (35 percent) during the final 20 minutes.

Fugate led Concordia with 20 points,

while Schaeffer added 18. Chatavious Turner rounded out the Cardinal trio in double figures with 14 points to go along with 13 rebounds.

**OWENS (OHIO) 87, S'CRAFT 58:** James Kelly poured in a game-high 23 points and Andy Bachman chipped in with 15 Monday as host Owens Community College (8-4) rolled past Schoolcraft College (3-6).

Schoolcraft got a team-high 22 points from Richmond Jackson, but no other Ocelot scored in double figures. Jackson also had a team-high nine rebounds.

Schoolcraft, which couldn't recover from a 49-27 halftime deficit, shot only 32.4 percent from the field (24-of-74) including 4-of-18 from three-point range.

**LANSING 72, S'CRAFT 56:** Devlin Bell scored 22 points and pulled down 12 rebounds Saturday to lift Lansing Community College (5-3) to a victory over Schoolcraft College (3-5) in the Buffalo Wild Wings Classic hosted by Muskegon CC.

half to already triple its win total from a year ago with a nonconference win Tuesday at home over Ann Arbor Skyline (1-2).

Katelynn Devers led a balanced Franklin scoring attack with 14 points, while Julie Magdowski and Natalie Modes contributed eight and six, respectively.

Magdowski's shot underneath off an inbound play with 2.2 seconds sealed the victory and capped a 21-13 fourth-quarter run for the Patriots, who trailed 25-19 at halftime and 36-31 after three periods.

Anita Vandermuelein and Jane Sims paced the Eagles with 12 points apiece, while twins Mia and Mea Morris added 11 and 10, respectively.

# Blazers upstage Liggett, 54-39

By Brad Emons  
Observer Staff Writer

There was much to like from Livonia Ladywood coach Anthony Coratti's standpoint following his team's 54-39 girls basketball win Tuesday night at home over last year's Class C state runner-up Grosse Pointe Woods University-Liggett.

The 2-0 Blazers, behind senior point-guard Andie Anastos' 23 points and 13 rebounds, pulled away in the second half to improve to 2-0 overall.

Ladywood was minus starting senior forward Kiley Gorski, who sat out with an ankle injury after scoring 19 in Friday's season-opening win over Flint Powers.

Picking up the slack was senior guard Shelby Walsh, who 14 points, including four 3-pointers.

Senior forward Sara Even added seven points and seven boards, while senior guard Sara Wojnrowski chipped in with four points and 10 rebounds.

"It was a complete team effort," said Ladywood coach Anthony Coratti,

whose team avenged a 73-32 setback to the Knights last season. "Every single person stepped up, competed and battled together. It was a complete team effort, no other way to call it."

Liggett (0-2) got 13 points from Angelia Evangelista and 10 from Jessica Rotzoll.

**C'VILLE 52, TRUMAN 44:** Junior forward Ayanna Buckley's 20 points and 12 rebounds proved to be the difference Tuesday as host Livonia Clarenceville (2-1) turned back Taylor Truman (1-1).

The Trojans, who jumped out to a 19-8 first-quarter lead, also got 11 points, 10 rebounds and five assists from senior forward Ashley Murphy.

Mikala Kieling chipped in with 11 points, including three triples.

Judah Frazier paced Truman with 12 points, while Chelsea Bidwell added eight.

Clarenceville made 19-of-32 free throws, while the Cougars hit only 5-of-14.

**HVL 43, WASHTEAW 32:** Junior guard Dayna Schroeder tallied 13 points and grabbed 11 rebounds Tuesday as Westland Huron Valley Lutheran (3-0) downed Saline Washtenaw Christian Academy (0-1).

The Hawks led by only two after three periods, 31-29, before outscoring the Wildcats 12-3 in the decisive fourth quarter.

Junior guard Sarah Setian added eight points and seven

steals, while sophomore forward Julie St. John grabbed eight rebounds.

Rachel Ballantyne scored nine points for Washtenaw Christian.

"Defensively we were very inconsistent tonight," HVL coach Kris Ruth said. "We would play very aggressively one set, and then the next possession we would let them go right down and score. The second half we better and that helped us offensively."

The Hawks won despite shooting 30 percent from the floor.

**ANNAPOLIS 47, LUTH. WESTLAND 41:** Senior Aldreanna Fikes had 16 points and 11 rebounds, but it wasn't enough Tuesday as host Lutheran High Westland (0-2) fell to non-conference foe Dearborn Heights Annapolis (1-2).

Angela Morrison chipped in with 10 points for the Warriors, who trailed 33-32 after three quarters before being outscored 15-10 in the fourth.

"It was a tough fought game on both sides of the floor tonight," Lutheran Westland coach Sandi Wade said. "We saw a lot of improvement from our first game last week. We have to keep working on the little things, making free throws (7-of-20) and limiting our turnovers. Those hurt us tonight. All in all, it was a well played game and we look forward to Thursday and getting better each game."

Vanessa Cox tallied a team-high 11 for the Cougars, who made only 5-of-18 foul shots.

## BARBER

sent his country," Miami head coach Enrico Blasi said. "We're excited that he's with our program and that he's been playing so well. His transition to the collegiate game has been very smooth and we're proud of him for earning these honors."

Barber played last season in Ann Arbor for USA Hockey's National Development Team, winning a gold medal in the U-18 World Juniors.

And he will accept any role that's given him by head coach Phil Housley.

"I think it's great and a real honor to be named to the roster and hopefully get a spot on the team — just go into camp with a good attitude and see what happens," Barber said. "I get to see a lot of the guys I played with last year. It will be pretty fun."

"Whatever they have me doing — killing penalties, first line, fourth line — I think I know how to play all three positions. Wherever they want me, that's what I'll do."

Barber, who is averaging 1.29 points per game, has fit nicely with the RedHawks' top scoring line which includes sophomore Austin Czarnik, who has seven goals and 12 assists, along with senior Curtis McKenzie, who has added four goals

and five assists.

"I have really good chemistry with my linemates," Barber said.

"The coaching staff has faith in me and they have confidence in me. It's really awesome they gave me this opportunity to come in play like this. I can't thank my teammates or coaches enough."

"I've been playing with 'Z' (Czarnik) the whole time. We're pretty good friends off the ice and it helps for sure."

The freshman has also adapted quickly to the CCHA style of play.

"The biggest difference is playing against bigger and stronger guys," Barber said. "Being in the college atmosphere you don't play as many games. I think it's just awesome. You're playing for your school. All of our fans are students and it's pretty awesome. We get really good support."

During a weekend series Oct. 26-27 at Michigan, Barber showcased his skills as Miami earned a split.

"It was awesome, especially playing in a barn (Yost Arena) like that," Barber said. "It has a lot of history. Pretty awesome, pretty loud."

Time management is also something Barber juggles between hockey, studies and travel to places like Alaska.

"It's hard, but we have a good academic adviser," the freshman said.

"We try and stay on top of things. Obviously it's hard, but like anything you've got to work at it. The professors are pretty lenient with due dates and stuff, which is awesome."

Barber, who was born in Pittsburgh and played junior in the USHL, comes from a hockey family. His father, Don, played parts of six seasons in the NHL for Minnesota, Quebec, Winnipeg and San Jose.

"He's just really happy for me right now," said Riley, who has two younger brothers including Logan, a goalie with the '97 Livonia Knights, and Cullen (both attend Livonia Stevenson High). "My dad just told me to keep going and keep playing hard. You can't do much else."

"He comes to all the games. He knows the game of hockey as well as anybody. And he'll tell you when you're playing bad or not doing the right things, but lately he's been real supportive and it's been awesome."

Barber won't get much of a Christmas holiday with the family if makes the Team USA.

"We have a pretty good break that we could have had, but I'm pretty honored and rather be doing this (World Juniors), that's for sure," Barber said.

# Madonna women trumped by Cards

The Madonna University women's basketball team lost the battled on the boards and in the process dropped its second Wolverine-Hoosier Athletic Conference game of the season, falling to .500 in the league with a 72-64 setback Saturday to No. 17-ranked Concordia in Ann Arbor.

Courtney Dyer led the Lady Ocelots with 22 points, but shot only 6-of-26 from the field including 3-of-15 from three-point range.

## GYMNASTS

Continued from page B1

"We have high hopes for her (McGowan) on vault, if not the floor," Grodzicki said. "Mallory is a great all-around competitor who adds a lot to the team and a lot of consistency. And Sarah is a consistent all-around performer."

Other returnees include sophomores Jackie Dzurigot (Churchill), Sydney Grenier (Churchill) and Alysha Burd (Franklin). Dzurigot and Grenier will compete in all four events, while Burd will focus on the vault, beam and floor exercise.

Senior Katie Kreutzschmar (Churchill) also will give

Livonia Red a boost in the vault, uneven bars and beam.

As a freshman in 2009, Kreutzschmar was a Division 1 state qualifier as a freshman placing 23rd in the all-around (34.95) including a 17th on vault (9.1).

But Kreutzschmar dropped out her sophomore year and sat out last season.

"She could be one of our top gymnasts," Grodzicki said. "She has a foot injury right now and won't be ready Thursday."

Other promising newcomers included freshmen Marissa McVey (all-around), Olivia Ryk-tarsky (all-around) and Maddy Pargoff (vault, beam, floor) — all three from Churchill.

Sophomore Callie

Moran (Churchill) will also be in the mix as an all-around competitor.

"(Marissa) McVey could be one of our top gymnasts," Grodzicki said. "Her best events are bars and beam. And Moran comes from club (gymnastics) and adds depth."

Grodzicki's optimism is running high going into Thursday's opener, which starts at 6:30 p.m.

"I don't know how everybody else is scoring yet so early in the season," Grodzicki added. "But like I said, we have so much depth this year and a lot of incoming freshmen, and so much to work with, that I really have high hopes."

RENA LAVERTY

Matt Mistele (No. 22) of the Plymouth Whalers deflects the puck into the net past Kitchener goalie Franky Palazzese in the first period. The goal prompted fans to toss teddy bears onto the ice at Compuware Arena. At right for the Rangers is defenseman Ben Fanelli (No. 4).

# Whalers fall in Teddy Bear toss

By Tim Smith  
Observer Staff Writer

It was quite a Saturday evening at Compuware Arena, with magical plays, brilliant saves and even more than 1,000 teddy bears raining down on the ice.

The only thing missing for the 3,483 fans in attendance at the annual "Teddy Bear Toss Night" was a Plymouth Whalers victory over the Kitchener Rangers. They almost got it, but lost 5-4 in a shootout.

"It was a great game, I'm sure the fans would have liked a win and so would have we," Plymouth head coach and general manager Mike Vellucci said. "It was end-to-end hockey. We tied it up late, had a lot of chances in overtime, (but) their goalie made some great saves."

The Whalers trailed 4-3 entering the final minute of regulation. With their net empty, forward Rickard Rakell skated deep in the Kitchener zone.

Then came some magic.

As Rakell spun around on the doorstep, he made a dazzling no-look pass across the crease to linemate Ryan Hartman for the tap-in at the right post.

That tally made it 4-4 with 51 seconds left in the Ontario Hockey League tilt. It also was Rakell's third assist and Hartman's second goal of the night.

"He makes that pass quite a bit," said Vellucci about Rakell, an Anaheim Ducks prospect. "He made a great pass and Hartman put it in when he had the chance."

Forward Stefan Noesen almost won the game with the final seconds of the period elapsing. But Kitchener goalie Franky Palazzese came up big for one of his 38 saves for the Rangers (18-

1-1).

## Goalie duel

Palazzese followed up with spectacular work throughout overtime and the shootout. The only goal of the shootout was scored by Justin Bailey.

Also playing a strong game despite giving up four goals was Plymouth's 16-year-old rookie netminder, Alex Nedeljkovic, who made 28 saves and could not be faulted on any of the four goals he allowed.

It was Nedeljkovic's third consecutive start following a disappointing 7-6 loss to Kingston on Nov. 23 where the Whalers let a 5-2 lead slip away.

The youngster earned wins at Erie and against Ottawa as Plymouth, with the point Saturday, improved to 14-8-3-2, good for 33 points and first place in the OHL West Division.

"He (Nedeljkovic) played really well this week," Vellucci said. "For a 16-year-old, not too many kids can play that many games and play that well. So we're very excited about him."

Vellucci said he wasn't sure yet whether Nedeljkovic would start again Wednesday at Owen Sound. Another factor is a foot injury hampering the Whalers' No. 1 goalie, Matt Mahalak.

"As a coach you always play the guy that's got the hot hand and the guy that's played well," Vellucci noted. "He's going to play until he deserves otherwise."

From start to finish, it was a back-and-forth game by both teams.

## There go the teddies

The first goal of the game, scored at 11:22 of the opening stanza by Matt Mistele — deflect-

ing Tom Wilson's shot into the top-left corner — signaled fans to throw their teddy bears over the boards.

Chuck Gaidica of WDIV-TV, then came out to center ice to briefly talk about how those teddy bears will be distributed this month by Plymouth Community United Way to needy children throughout the area.

When play resumed following a short delay, the Rangers needed just 45 seconds to make it 1-1. Ben Thomson blocked a shot at the Kitchener blue line, then motored down the ice before deking Nedeljkovic and slipping a low shot between the pads.

Garrett Meurs gave Plymouth a 2-1 lead at 4:50 of the second, roofing the puck into the Kitchener net. Rakell set the goal up with a perfect pass.

A wraparound by Bailey, after stealing the puck behind the Plymouth net, resulted in a goal that again tied the contest with 6:16 to go in the frame.

Each team would score late in the period ended to make it 3-3. A fortuitous bounce off the boards behind Nedeljkovic led to a goal by Matia Marcantuoni to give Kitchener its first lead.

Then with 1:10 remaining, Hartman slammed home a one-touch feed across the crease from forward Alex Aleari (Farmington Hills). Starting the play was Rakell, who moved the puck up the wall to Aleari.

Kitchener netted a power-play goal with 13:57 left in the third to go up 4-3. Radek Faksa made good on his own rebound, capping off a three-shot flurry.

We still have five players returning from last years team and I feel with their experience from last year and the new additions this year, I'm looking forward to the team having a good year. Connor (Weber) reminds me a lot of Elliot when he was a freshman and I anticipate him having a great high school bowling career."

St. Louis' 2012-13 outlook: "Last year's team (2011-12) was a rebuilding due to a loss of four members to graduation. This year's team will consist of three team members from last year with a 4th member that came up the ranks from junior varsity. We have one newcomer, freshman Christina O'Harris, who is showing tremendous skill and maturity. Christina will follow in the footsteps of her sisters, Rebecca and Stephani, both who were members of the varsity team in previous years. Promising newcomers: Lexi Morris, Fr.

Assistant coach Sara Jaeger Dorow's 2012-13 outlook: "Having not lost one of our starting five bowlers to graduation, we look to come back strong this season. It's a smaller team, which allows for a tight bond among the girls. It also means they have to learn to lean on each other and figure out the shot if they're struggling because there isn't anyone to sub in. In the past, this has made the girls become better bowlers and that's our goal for this upcoming year."

# Rockets strike fast in bowling opener

By Brad Emons  
Observer Staff Writer

Westland John Glenn is off to a quick start in both boys and girls bowling.

The Rockets opened the 2012-13 season Monday with 28-2 (boys) and 22-8 (girls) victories over host South Lyon at Pinz Bowling Center.

"Winning both Baker games right out of the gate settled us down and we never looked back," Glenn first-year coach Ron Staples said. "We still need to improve on our spares. I feel we can strike with the best teams in our league, but still need improvement on our fill frames."

Mike Russom led the Rocket boys, who recorded a 1,850 total pin count, with a 438 two-game set including a 259 high. Other top scorers

included Mark Kassab (238), Steve Brusseau (211) and William Wicker (204).

Meanwhile, JV bowler Tim Zigalis registered the high single game for the day with a 263.

Overall I was very pleased with our effort and look forward toward working very hard in practice so we can get to the next level," Staples said. "There are no off days in our league (KLAA) and this is how we will prepare for the entire season."

On the girls side, Glenn freshman Julia Huren made an impressive debut with a 411 two-game set including a team-high 245.

Sophomore Olivia Cabildo added a 371, including a 192 high, while freshman Ashley Kolb and senior Caity Lenard each

posted game highs of 200. Kasie Allen led South Lyon with a 356 two-game set.

The Rockets split the Baker sets, 143-172 and 171-119, but won the points battle, 6-4, in Ralph Cabildo's debut as Glenn coach.

## Epic story

Detroit firefighters battle a blaze in the documentary, "BURN."

### Farmington Hills man featured in firefighter documentary

By Sharon Dargay  
O&E Staff Writer

As a Detroit firefighter, Dennis Hunter sees the best and the worst of his former hometown every day.

"I love the city and I hate the city. It's where I grew up. It's my hometown and everyone in Metro Detroit, they know Detroit once was a great city and I believe it can be again. It just needs investment, leadership.

"What I hate is the lack of leadership and the crime and the school system, which is one of the main reasons I left."

Hunter, 41, who is married and the father of three daughters, moved to Farmington Hills from Detroit about four years ago, but continues to work in one of the busiest fire departments in the country.

He's a senior firefighter in Engine Company 40 on Detroit's west side and one of several firefighters featured in the documentary *BURN One Year on the Front Lines of the Battle To Save Detroit*, by Tom Putnam and Detroit native Brenna Sanchez.

Hunter saw the film at its Tribeca film festival debut in New York earlier this year. It will open Friday, Dec. 7 in Washington D.C., Chicago, Ill., AMC Livonia 20 in Livonia and AMC Forum 30 in Sterling Heights. A portion of the proceeds of the film will go to the Leary Firefighters Foundation to buy gear for Detroit firefighters.

#### Untold story

Putnam and Sanchez became interested in filming Detroit firefighters after learning in late 2008 that a veteran fireman had died battling an arson blaze in an abandoned home. Nine months later they were embedded in Engine Company 50 on the city's east side where they filmed a test reel. In their first two days of shooting, the crew filmed 21 fires. They also inter-

viewed each member of the eight-man crew and outfitted them with helmet cameras.

They shopped the footage to film executives and cable broadcasters who said they liked the idea but couldn't find an audience for a movie about firefighters. So, the pair posted the trailer on Vimeo.com and YouTube where it drew 100,000 views. They started a Facebook page and led a fundraising campaign on Kickstarter.com. With funding from corporate sponsors, such as General Motors, and individual donors, they began filming in December 2010, finishing in January this year. In the process, Denis Leary, star of

the FX series, *Rescue Me*, and Jim Serpico, president of Motion Pictures and Television at Apostle productions, joined them as executive producers.

In addition to filming at Engine Company 50, the crew spent time at other fire stations, including Engine Company 40, where Hunter is based.

"It was pretty easy. They worked around us," Hunter recalled the film shoots. "They gave us cameras for our helmets. They'd be in the firehouse filming. I got used to it. At first it was, 'wow, I'm getting filmed.' But then it was 'I'm going to be me, be real. I'm at work.' You've got a serious job to do."

#### A new career

Hunter became interested in firefighting after a cousin, who also works for the Detroit Fire Department, mentioned that the city was taking applications.

"My dad wasn't a fireman. I didn't grow up wanting to be a fireman. I didn't know much about it even though my cousin was one. I have a barbershop I own. I was working there at the time," said Hunter, adding that he continues to cut hair in his spare time. "I decided, man, I could use some insurance. I'll take the test."

Several thousand other job-seekers had the same idea that day at Cobo Center.

"It was like a needle in the haystack. It was ridiculous."

Hunter later received notice that he had passed the test and was accepted into the training academy.

"Now I was getting interested. It was starting to get a little intriguing. Once I got into the academy, it was like, wow, I really want to do this ... helping people, the physical part of it, being in the community."

After four months in the academy, he spent eight months in the field completing his trial period before attaining his badge. He remembers his first fire was in an attic — attic and basement fires are the hottest blazes — and a sergeant led him through the process.

"We were up in the attic for an hour. It was something I never did before. It was scary, but when I saw all the guys seemed so comfortable, it relaxed me. I was probably full of adrenalin."

### TREAT YOURSELF TO AN EARLY HOLIDAY GIFT

# Michigan Philharmonic plays sounds of the season

By Sharon Dargay  
O&E Staff Writer

The Michigan Philharmonic will perform its holiday concert five times this month, but each show will vary depending on its location.

"It's very different from place to place and that keeps it fresh," said Beth Stewart, Michigan Philharmonic executive director. "There are a whole

ReGina Coles

host of things that can change it up."

"Home for the Holidays" concerts on Dec. 7 at Walled Lake Northern High School in Commerce and Dec. 14 at the Seligman Center for the Performing Arts in Beverly Hills will feature school choirs singing holiday tunes and leading the audience sing-a-long. The Huron Valley Council for the Arts sponsors the concert in Commerce, which will include the Walled Lake School youth choirs. The Detroit Country Day School choirs will sing at the Seligman Center.

Vocalist ReGina Coles of Canton will sing Dec. 15 at the Carr Center in Detroit. She's also a board member for the Michigan Philharmonic and a founding member of the Canton Cultural Commission. Coles has performed at venues throughout the Detroit area, including Baker's Keyboard Lounge, MGM Grand, and Motor City Casino.

An early evening con-

The Michigan Philharmonic under the direction of Nan Washburn will perform three holiday concerts Dec. 13-15.

cert Dec. 13 at the Penn Theatre in Plymouth will appeal to families. It's shorter than the other shows and will include an appearance by Santa Claus. A later evening performance is geared toward adults. They also can make reservations at a special dinner that Fiamma Grille offers to concert-goers.

Michigan Philharmonic pianist, Patrick Johnson, will perform at all of the events except for the family concert at the Penn. He is working on a doctorate in piano and music theory from Michigan State University. He also plays organ at St. Mary Magdalen Church in Hazel Park.

The size of the orchestra will stay the same — 30 musicians — for each concert.

"We keep it small and compact because of the Penn," Stewart said, noting that the theater's stage doesn't accommodate larger orchestras. "We have managed to have big sounds with a smaller

number of players."

She said residents from Northville, Canton and Plymouth make up the majority of the orchestra's audience at the Penn Theatre, which is situated in

a perfect location for an evening out on the town.

"It's downtown and close to restaurants and the (Kellogg) park looks beautiful," she said.

Stewart described the

Carr Center as an intimate space, set in old ballroom, where "the audience practically sits around the orchestra." It typically includes children because tickets for

Patrick Johnson

youngsters are free. "At Seligman, it's a fabulous performing arts center. We love playing there and the sound is terrific," she said. "The tickets are priced by section. There is something for everybody."

She added that the symphony's holiday repertoire will offer music for everyone.

"If your favorite isn't here, I'd be surprised. There's a lot of great Christmas music ... Hanukkah songs, too."

## HOME FOR THE HOLIDAYS

The Michigan Philharmonic will play seasonal classics including, "Winter Wonderland," "Have Yourself a Merry Little Christmas;" holiday songs from films, such as "Miracle on 34th Street," the "Polar Express," and more. Michigan Philharmonic pianist, Patrick Johnson, will perform Bach's "Piano Concerto #3 in D Major," and the audience will be invited to sing along on several tunes

close proximity to each other.

"In the suburbs you may have one or two house fires a year. When you do get a fire, you may not have as much experience as someone doing it every day," Hunter said. "We do inside out because we have to get in and get it fast or the house next door may catch."

The slower suburban pace hasn't tempted him to leave the city. Hunter has remained in the Detroit department for 14 years, despite recent 10 percent pay cuts, dysfunctional equipment, disagreements with city

administration, and high arson rates.

"We do save a lot of houses people live in. We save a lot of people. We do have a record amount of fires — 30 to 40 a day (department-wide) and out of those, 70 percent are vacant. Another thing that keeps me going is, you can go through the politics, the tremendous amount of fires and the equipment that doesn't work, and I think when you save a life, save someone's property, that makes everything worthwhile and you can keep on going."

## Area ethnic markets lead the tour

By Mary Quinley  
Correspondent

Distant cultures intrigue me. I especially like to sample unfamiliar foods and check out native shopping possibilities. Yet, travel to far away places isn't always feasible. If I stayed close to home and scoured local ethnic shops and markets, would I satisfy my urge? Absolutely. I found an amazing assortment of edibles and gifts ideal for celebrations, including the fast-approaching holidays. Here's a sampling:

• A warm, wonderful aroma welcomed me as I strolled into Pearl of The Orient in Livonia on a recent afternoon. It was Chicken Afritada. The stew-like entrée with pieces of chicken, potatoes, carrots, tomato sauce and seasonings is often served in Filipino households, Conrado C. Gegajo, the cook, told me. Made-in-house Filipino hot dishes — beef, pork and squash concoctions among them — and spring rolls are other popular any-occasion to-go items. Customers flock to the store during the holiday season for gift-wrapped hams (marinated with brown sugar and pineapple), pork butt roasts (cooked in Calamansi, a tropical lemon/lime marinade); and, sweet treats like steamed rice cakes and custard cakes.

• "Everything is good and fresh and homemade. That's what I like about this place," said Nick Pitsillos of Livonia, as he shopped for olives and feta cheese at Hellenic Bakery and Grocery in Livonia. His Greek and non-Greek friends, as well, also enjoy made-in-the-back-kitchen spinach pie, arm-length-long loaves of wheat and white bread, kourambietes (Greek almond cookies), baklava, and kolyva (a sweet treat served at Orthodox memorial services). Barrels filled with soup staples like lentils, bulgur wheat and chickpeas; shelves lined with bottles of olive oil and packages of orzo and other pastas; and, a refrigerated case with Greek yogurts, caviar and cheeses lure customers. A limited selection of wines and non-alcoholic beverages — I found Kouras, a favorite Greek white wine — are available.

Indian spice, like masala powder, or an Indian vegetable, she heads to Vani Food in Farmington Hills or Namaste Plaza in Farmington. "I use the powder to cook Indian gravies," said Prabhun of Farmington Hills, who is a regular customer at both markets. The stores carry an assortment of groceries, fresh vegetables (coccinia grandis, an ivy gourd, can be found only at Namaste), and Indian CDs and DVDs.

• Sausage rolls, meat pies, candy bars and a selection of pastries from Ackroyd's Scottish Bakery elicit happy childhood memories for Derek Marshall of Livonia. "If we behaved ourselves, these (edibles) would show up," said Marshall, chuckling. Shortbread and Empire Biscuits (buttery shortbread cookies filled with strawberry jam and topped with white icing and a cherry piece) are some favorites. During the holiday season, said Allan Ackroyd, co-owner, "steak pies for Christmas dinner are popular." This Redford market also carries a variety of imported items from the Unit-

ed Kingdom including gift boxes of assorted Cadbury candy bars; Christmas Crackers (colorful wrapped cardboard tubes typically filled with small gifts and candies); and traditional Christmas puddings.

• A medley of pleasant scents — fresh-from-the-oven Italian bread and pepperoni rolls, among them — filtered throughout DiMaggio's Italian Bakery and Catering in Redford on a recent Saturday. Debbie Dahlman of Plymouth picked up a "to go" order of pasta salad, dinner rolls, and broast-

ed chicken. "THE best chicken!" Dahlman said. At a table just inside the bakery's door, customers nibbled on Italian subs and sipped bottles of red birch beer, a hard-to-find, cane-sugar-sweetened soda, perfect for holiday gift-giving, include cannolis (sprinkled with mini-chocolate chips or dotted with peanuts), chocolate-raspberry cakes, and a selection of cookies. Made-to-order beef, pork or lamb meatballs, or a combination of any of the three, are favorite customer requests. "Whatever people need, that's what we do," said Steve DiMaggio, who is co-owner with his wife, Tina Zdravkovski.

• When Kathy and Franklin Luxon decided they wanted "something different and unique" to add to their bridal registry, they knew just where to find it. Simply Polish in Garden City. "It's the only place (in the area) where you can get authentic Polish pottery," said Kathy Luxon. The stoneware, adorned in patterns of blue, green and earth tones, has roots dating back to the early 19th

century. The couple from Livonia received a hodgepodge of place settings, casserole dishes, salt and pepper shakers and a "whole cabinet of odds and ends." Holiday gift seekers will enjoy shopping for the pottery, amber jewelry, glass ornaments, apparel, tea pots and other Polish-inspired wares.

• Dos Hermanos, a Mexican market in Westland, carries "many things that many places don't sell, like piñatas and homemade pork rinds and tamales," said Reyes Arreola, owner. An assortment of jerseys, T-shirts and other apparel provide possibilities for under-the-Christmas-tree gifts. Piñatas — three sizes of the decorated papier-mâché containers dangle from the store's ceiling — entertain kids as well as adults on happy occasions. Like guacamole? Choose a mild or hot made-in-house variety. Other deli items include mild to very hot salsa, chicken feet (good for soup-making), beef tongue, goat, and, made-in-house chorizo. Shelves are packed with dry spices, Hispanic taco seasonings, and sweets. An eatery, which is attached to the market, serves authentic Mexican fare.

• Not to worry if Japanese is an unfamiliar language. Signs and many labels at One World Market, Michigan's largest Japanese market located in Novi, are bi-lingual. Two cases hold a medley of must-be-cooked-before-eating halibut, snapper, mackerel, butter fish and other fresh fish; and, a variety of safe-to-eat-raw fish like blue fin tuna, whelk and conch. Green tea- and red beans-flavored Mochi Ice Cream Bonbons, plum wine, fresh fruits and veggies, cooking supplies, and, an in-house sushi bar are among the highlights.

• Polanka Market in Livonia features a slew of holiday heat-and-serve meals like stuffed cabbage, city chicken and potato pancakes. Soup choices include dill, dill pickle, and chicken noodle. An assortment of deli meats, baked goods and shelves packed with a variety of Polish cookies, candies and canned goods can also be purchased.

• All things Irish — and then some — decorate the shelves at Colleen's Gaelic Gifts in Livonia. "I carry Waterford crystal, Belleek Parian China, and, a large selection of jewelry, especially Gaelic wedding bands," said Colleen Haggerty, owner. Edibles — a plate of Irish cookies sits on the counter for customers to sample — and, a selection of teas, music CDs, and, "everything in between" make shopping for everyone's "wish list" an easy task. Most merchandise is made in Ireland. Michigan and USA products also are featured.

## As temps fall, be aware of safety in home heating

'Tis the season for rosy cheeks, button-down coats, and cranking up the heat. According to the National Fire Protection Association (NFPA), it's also the time of year when home fires peak, many of which are caused by heating equipment. "Half of all home heating fires occur during December, January, and February, when we are fully utilizing our heating systems," said Lorraine Carli, vice president of communications for NFPA. "The public can reduce their risk of getting left out in the cold by following NFPA's safe heating behaviors."

In NFPA's report "Home Fires Involving Heating Equipment," in 2009, heating equipment was involved in an estimated 58,900 reported home structure fires, 480 civilian deaths, 1,520 civilian injuries, and \$1.1 billion in direct property damage. Stationary and portable space heaters accounted for one-third (32 percent) of reported home heating fires, but nearly 80 percent of the home heating fire deaths, two-thirds (66 percent) of associated civilian injuries, and half (52 percent) of associated direct property damage.

Overall, fires, injuries and damages from fires involving heating equipment were all lower than in 2008 and fit into a largely level trend over the past few years. The number of deaths from heating equipment was virtually unchanged.

As temperatures begin to drop, here are some safe heating behaviors to follow:

- All heaters need space. Keep anything that can burn at least three feet away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot "kid-free zone" around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer's instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Always use the right kind of fuel, specified by the manufacturer, for fuel-burning space heaters.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before put-

ting them in a metal container. Keep the container a safe distance away from your home.

• Test smoke alarms monthly.  
NFPA is a worldwide leader in fire, electrical, building, and life safety. The mis-

sion of the international nonprofit organization founded in 1896 is to reduce the worldwide burden of fire and other hazards on the quality of life by providing and advocating consensus codes and standards, research, training, and education.

## Lincoln strong college town

By Robert Meisner

Q: My son is thinking about going to the University of Nebraska at Lincoln. I am wondering if you happen to have any information about the opportunities for rental and/or purchase in that city?

A: I find that the Lincoln real estate market is similar to that of Ann Arbor. There are lots of apartments and condominiums available for purchase and/or rental, and the economy is relatively strong. Indeed, I have

Robert Meisner

found, in my experience, that the people there are extremely friendly and helpful to persons visiting the city as

they appreciate the basis for an energized economy. You should consult with at least two or three Realtors to find who is best able to fill your needs.

Q: Has the property in San Francisco, in terms of residential housing, taken a dip at all because of the recession, and how does it stand now?

A: It has basically stayed stable. It has not decreased as much as most of the rest of the country; however, the constant appreciation that you would continue to see in, for example, Marin County, has not directly benefited San Francisco proper itself, but it is still extremely expensive to buy or rent real estate in the city. There are opportunities if you find the right location, but obviously zoning limitations preclude new construction in various designated historic areas and as always you are best to consult with an experienced real estate professional in the locale in which you are interested.

# SUDOKU

**Fun By The Numbers**

Level: Beginner

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
