## Library staff voting on unionization

Recently laid-off librarians file Unfair Labor Practice

**LeAnne Rogers**  
hometownlife.com

Staff at Westland's William P. Faust Library are currently voting on whether to unionize while Library Director Sheila Collins is on a leave of absence.

The unionization effort — not the first in the library's history — came in the wake of a reorganization that resulted in the lay-off of five librarians. Those librarians identified themselves as the organizing leaders and filed an Unfair Labor Practice alleging the lay-offs were related to union activity.

Library employees were mailed ballots to their homes and have until April 26 to cast their votes. The votes are

scheduled to be counted April 27. Library Board President Mark Neal said Collins was given a paid leave through May 7 to avoid any appearance of attempting to sway the vote at the request of Westland Mayor William Wild.

The ULP is pending at the Michigan Employment Relations Commission but Neal said there had been no word about employees unionizing until after the reorganization had been under discussion for several months.

"We passed the reorganization plan in January. In February, the supervisor of the affected employees (those laid off) was talked with and she must have communicated that," Neal said. "The first

Neal Wild

notice we had about the unionization was March 1. We posted a letter on the employee bulletin board March 2 that recognized their efforts. We just asked that it not interfere with serving patrons. Notice of the lay-offs was given March 3."

### Board has no problem with staff unionizing

A former member of the Westland Firefighters Union, Neal said that neither he nor other library board members have any problem with the staff unionizing — other city

workers are union members. The library staffing reorganization eliminated five librarians and hired part-time associates for a savings of about \$178,000 annually.

Wild had asked the library board to suspend Collins, but the board instead placed her on administrative leave. "I reached out to the director — she never told us about the reorganization. I wasn't happy with how she handled it," Wild said. "I wanted first and foremost to make sure the union vote would go through with no problem. I feel strongly about that."

The library board has 100-percent confidence in Collins as director, Neal said. "We have unwavering support for the director — the whole board feels that way," he said. "The politics is unfortunate. It puts

the mayor and council in a difficult position."

In an election year, Neal and Wild both acknowledged the lay-offs have become politicized. But both also agreed that most of the complaints about the lay-offs haven't been from Westland residents.

"Most of the heat has come from library professionals across the country. I'm not getting resident complaints," said Wild, who visited the library and met with staff after Collins went on her leave. "I talked at length with employees and patrons. The normal operations were running smoothly. The employees were understandably on edge. I said we would make sure there were no repercussions."

Recently, Neal said he pro-

## GRAB THOSE RAKES

Westland garden at DTE Energy site preps for season

Along Cherry Hill Road in Westland lies a secret garden.

Well, it's not a secret by design, it's just very few people know about it. That is, except for several volunteers, who began preparing the garden for the spring planting earlier this week. Now, they're thinking more folks might learn about the garden designed to help feed the hungry.

"Nobody would know, unless they read the newspaper," said Janet Sowards, a Westland resident.

The organic garden, located at the DTE Energy Training and Development Center at 38155 Cherry Hill and going into its eighth year of operation, had been associated with Gleaners for many years, growing thousands of pounds of produce. Now that connection is no more, though the garden still plans on growing as much food as it can to donate to several worthy causes such as Open Door Food Ministry in Canton. DTE Energy allows the garden to be used on the property, Sowards said,

though the organizations aren't connected in any other way.

Monday was the first official work day for the garden, which saw about 10 volunteers begin removing some of the cover crop planted in the beds. They'll soon begin planting a plethora of vegetables, including lettuce, peppers, eggplant and beans, just to name a few.

"We produced last year almost 12,000 pounds of vegetables," said Jane Kasey, a Plymouth resident who has volunteered at the garden since 2011. "We're here all summer, we're here all fall."

### Always looking for volunteers

Sowards said she believes the Westland garden is the lone one still in operation around Metro Detroit on DTE Energy property, deals that were struck several years ago. Others were open, including one in Farmington Hills, though she said others faded as volunteer numbers dropped. The group in Westland decided they wanted to

## Woman out \$43,000 in iTunes scam

**David Veselenak**  
hometownlife.com

Police are warning residents to be vigilant after a Wayne woman was scammed out of thousands of dollars earlier this month.

Wayne police were called to an 81-year-old woman's home April 5 on the report of an impersonation scam. The victim told police she received a call in August from someone calling themselves Danny Archer. The suspect said he was from the U.S. Treasury Department and told her that she owed the department money. The suspect was not clear why the woman owed money but threatened to contact police and they would arrest her if she did not pay.

The woman said the suspect told her to buy iTunes gift cards and read the numbers on the back of the cards. The woman followed his instructions for several weeks and spent \$43,000 on iTunes cards, all read to him on the phone.

After two weeks, the woman became suspicious and asked the suspect why she needed to keep sending the gift cards. The man told her he would call back and explain the reasons, though he never did. When police tried to contact the phone number, they found it was disconnected.

The Internal Revenue Service has said in the past it will not accept payments from taxpayers on prepaid cards such as iTunes, Western Union, Green Dot or MoneyPak cards. Anyone receiving a phone call from someone claiming to be from the IRS or Treasury Department and requests payment via iTunes gift cards are encouraged to hang up on them and report them to the IRS.

"No legitimate United States Treasury or IRS official will demand that payments via Western Union, MoneyGram, bank wire transfers, or bank deposits be made into another person's account for any debt to the IRS or Treasury," the agency stated in a news release last year.

**Burglary of home reported**

A resident moving from a home in the 1600 block of Lillian came to the Westland police station April 7 to report a

burglary. The resident said someone kicked in the rear door of the home and took two ceiling fans and the water heater. He said he was away from the home for several

days when the incident took place.

**Tools, drone stolen from car**

A resident in the 600 block of Brandon came to the police station April 5 to report tools had been taken from a vehicle.

He said he parked the car the night before. The next morning, he came to the car and noticed someone had entered the car. Several tools, including a drone and a Dewalt combo kit, were taken. He said he forgot to lock the doors to the truck and no damage was reported.

**Windshield shattered**

A resident in the 1700 block of Arthur reported to police April 9 that someone damaged his

vehicle. The victim said he returned to his vehicle that morning and found the back window had been shattered. Police inspected the damage and could not locate any evidence or determine what caused it. No suspect information was available.

**Home broken into**

Police were dispatched the afternoon of April 9 to a home in the 7400 block of Randy Drive on the report of a break-in.

The victim said he was working on renovating the home, which is currently vacant. He said he arrived at the home that day and found pry marks on the rear sliding glass door to the home. Police say they

saw some pry marks on another door. The victim said several tools were missing, including a power grinder and two cordless drills.

**Water sprinkler system taken**

Police were called April 6 to the 30000 block of Nelson Circle on the report of a stolen water sprinkler system.

The victim said he heard noise on the side of his house that morning. He looked and found a suspect running away with the sprinkler control system in his hands. He saw the system had been cut from the side of his home. The resident said these types of thefts had happened in the neighborhood before. Police checked with other homes that appeared

to have their systems missing as well, though police could not get a hold of any neighbors.

**Vehicle damaged**

A resident came to the police station April 5 to report damage done to her vehicle while parked in the 36000 block of Canyon Drive.

She said she was at her parents house with her vehicle parked on the street. She said a child who lived in the neighborhood alerted her that her car was struck by a truck that later fled the scene. Police saw the car had a dent on the driver side quarter panel, along with some paint transfer.

# Police: Traffic stop reveals credit card fraud

David Veselenak  
hometownlife.com

A routine traffic stop initiated by Livonia police last week resulted in the arrest of a man accused of possessing the personal account information of 20 people.

James Slater, 21, of Detroit, was arrested last week and charged Monday with 20 counts of possessing a fraudulent financial transaction device and one charge of operating a motor vehicle with a suspended license.

Slater was arrested Friday afternoon near Five Mile and Middlebelt after Livonia police pulled him over. Police said he was seen driving

without a seat belt on, and they saw a cracked windshield and burnt-out light.

Police said Slater handed the officer a state identification card during the stop, telling them his license was suspended. He was asked to step out of the car and was arrested. After police went through his vehicle, they reportedly discov-

ered a backpack that had a credit card embossing machine, a label maker, a blade from scissors, a credit card encoder and several hundred plastic cards, including some that appeared to have some fraudulent info on them.

When police took the cards back to the station, they reportedly checked the strips on the more-

than 200 cards and discovered 20 cards had fraudulent information and names on them.

Slater is currently being held in Wayne County Jail on a \$500,000 cash or surety bond. He's due to return to court April 20 for a probable cause conference and April 27 for a preliminary examination. If convicted, Slater faces up to six years in prison, as he's been charged as a habitual offender.

Michigan Department of Corrections records show Slater is on probation from an unarmed robbery charge he pleaded to in Oakland County that took place in 2015. Records show Slater was sentenced to five years probation, which is scheduled to end in 2021.

## LIVONIA POLICE BRIEFS

COURTESY OF THE LIVONIA POLICE DEPARTMENT  
Police say a man drove his truck into this garage Wednesday night in Livonia. Alcohol is believed to be a factor, police said.

### Driver runs through garage

Livonia police say a man believed to be under the influence of alcohol drove through a garage in the 9800 block of Henry Ruff.

Police say the driver, a 56-year-old man from Livonia, was driving his Chevrolet Silverado on Wednesday evening near Henry Ruff and Robert when his vehicle went off the road and into a detached garage, causing damage. Police say they believe alcohol played a factor. No one was injured in the crash.

### Identity theft reported

A resident in the 34200 block of Coventry Drive came to the police station to file an identity theft report.

The resident said someone used his information to apply for unemployment benefits, even though he did not file for them. He said the unemployment office told him to file a police report after reporting it to them.

## LIVONIA POLICE BRIEFS

### Fleeing retail fraud suspect arrested, charged

A 60-year-old Detroit man was arrested and charged after Livonia police say he fled a home improvement store after committing retail fraud earlier this month.

Dwayne King was charged with second-degree retail fraud and fourth-degree fleeing and eluding stemming from an incident April 3 at Menards, 12701 Middlebelt. Police located the suspect's vehicle, after it was determined he was a suspect in a retail fraud, as it drove away from the hardware store and tried to pull it over. The vehicle then fled the parking lot at a high rate of speed, police said.

Police went back that day to the store and talked to an employee, who said the suspect

made a return of a leaf blower while at the store. When checking the security footage, the suspect appears to have not entered the store with the leaf blower. Footage reportedly showed the suspect selecting a leaf blower from the shelf and taking it to the return counter. After the return was complete, an employee tried to stop him before leaving, but he got into his vehicle and drove off, police said.

King is being held in the Wayne County Jail on a \$500,000 cash or surety bond.

### Items taken at YMCA

A patron of the Livonia Family YMCA, 14255 Stark, came to the police station Monday evening to report items had been taken from her locker.

King

She said she returned to her locker about 90 minutes after originally putting her items inside of it and found several things missing. She checked the lost and found, though she did not find any of her items. She said she could not remember if she had put a lock on the locker, as she was in a hurry to get to her workout class.

**Xbox controller taken**  
An employee at Target, 29451 Plymouth, came to the police station Monday evening to report a retail fraud. The employee said they saw a suspect select an Xbox controller off of the shelf, remove it from its packaging and con-

ceal it in his pants. He was stopped by an employee before he left the store, and was detained at the store. The controller was recovered and a report was compiled before being brought to police.

### Package stolen from porch

A resident in the 9000 block of Fremont came to the police station Monday afternoon to report a package had been stolen from her residence.

She said she received a package in the mail containing a book last week. She said it appeared someone had taken it from her porch on that day. No suspect information was available.

# Men's ensemble to perform, former Lion to speak at Livonia Prayer Breakfast

Music is an important part of the Livonia Community Prayer Breakfast and Jerry Smith, long-time member of the prayer breakfast committee, intends to deliver on that tradition in a big way for the 43rd annual event.

Under Smith's direction, more than 35 men from western Wayne and Oakland counties will lift their voices in praise and thanksgiving 7-9 a.m. May 4 at Burton Manor. In addition, the Trinity Quartet from Trinity Evangelical Presbyterian Church will sing "The Star-Spangled Banner."

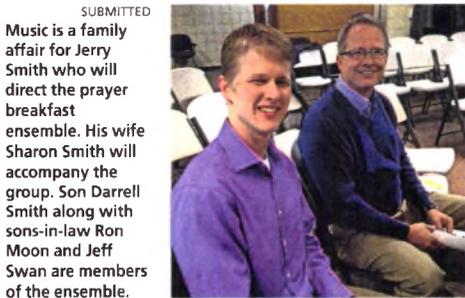

The men are ages 37-83 and more than 10 are former students of Smith, who was director of music at Bentley High School from 1959-85.

Smith, director of music ministries at First Presbyterian Church in Plymouth, will lead the ensemble in performing "Make a Joyful Song," "I Believe" and "A Few Good Men." Smith's wife Sharon will provide the piano accompaniment. His son Darrell and sons-in-law, Ron Moon and Scott Swan are ensemble members.

Participants agree that the ensemble turnout is a tribute to Smith, whose musical career has touched lives throughout the world. Ensemble members include Jeff Jones, president of the Bentley Choir

Father and son ensemble members are Scott Bahr and Phil Bahr, both of Livonia.

Music is a family affair for Jerry Smith who will direct the prayer breakfast ensemble. His wife Sharon Smith will accompany the group. Son Darrell Smith along with sons-in-law Ron Moon and Jeff Swan are members of the ensemble.

in 1972-73 and owner of Plymouth Nursery. Other former Bentley students are Thom Beauchamp, Dana Knoche, Curtis Burton, Chris Skotzke, Rich Travers, Ron Moon, Mike Cubalo, Darrell Smith, Dennis Barlow, Lawrence Zane and Leon Ott.

The Rev. Jim Stolt, pastor of Plymouth's Praise Baptist, will be featured in a solo in "I Believe."

Livonia Councilman

Scott Bahr and his father Phil are father-son tenors in the men's ensemble. Both are members of Apostolic Christian Church in Livonia.

A longtime Livonia resident, Smith was director of music at Bentley High School from 1959 until it closed in 1985. After that, he helped establish the CAPA (The Creative and Performing Arts) program for Livonia Public Schools before retiring in

Some of the more than 35 ensemble members rehearsed recently at First Presbyterian Church in Plymouth.

1988. As music director, Smith took students across the state, country and world to perform music. He was named teacher of the year by the Michigan School Vocal Association in 1979.

Smith received his bachelor and master degrees in music from the University of Michigan before returning to earn a doctorate in education. After a long career in public education, Smith went on to serve as music director at Ward Presbyterian Church and taught music at the former William Tyndall College in Farmington Hills.

Smith is excited about the music and pleased to see the "men speak of

their religious beliefs" through the music of the ensemble.

Jason Hanson, retired placekicker for the Detroit Lions, will deliver the keynote address "Faith and the NFL."

Hanson, 46, spent his 21-year career playing for the Detroit Lions. He holds the NFL record for the most games played with one team, as well as multiple kicking and scoring records.

He retired in 2013 and is the first player in NFL history to play 300-plus games with one team.

The Livonia Prayer Breakfast is a version of the National Prayer Breakfast held annually in Washington, D.C. Also on the breakfast program

are Old and New Testament scripture readings and other prayer opportunities that reflect the 2017 theme of "Press On Toward the Goal." Tickets are \$20 for adults and \$17 for students.

Ticket price includes a full breakfast and program. Tables of 10 are available. For tickets, contact Sally Butler at 248-476-9427. The Livonia Community Prayer Breakfast, Inc. is a 501(c)(3) charitable and religious organization.

## Doctor charged with performing female genital mutilation

David Veselenak  
hometownlife.com

A doctor has been charged with conducting female genital mutilation on several of her children patients in Livonia, a charge that officials say is the first of its kind in the country.

Dr. Jumana Nagarwala, 44, of Northville is set to be arraigned today on federal charges of conducting female genital mutilation on patients at a medical office in Livonia. The United States Attorney's Office for the District of Eastern Michigan announced the charges Thursday morning.

Federal officials say Nagarwala performed the procedure on patients, ages 6-8, who had traveled interstate for the work to be done. It's believed to be the first charge under the federal female genital mutilation law.

"According to the complaint, despite her

oath to care for her patients, Dr. Nagarwala is alleged to have performed horrifying acts of brutality on the most vulnerable victims," Acting Assistant Attorney General Blanco said in a statement. "The Department of Justice is committed to stopping female genital mutilation in this country and will use the full power of the law to ensure that no girls suffer such physical and emotional abuse."

A profile listed on the Henry Ford Health System website lists a Dr. Jumana Nagarwala as a specialist in emergency medicine. It states she graduated from the Johns Hopkins School of Medicine in 1998 and completed a residency at Henry Ford Hospital in emergency medicine in 1999.

Federal law calls for a maximum sentence of five years in prison if convicted and 10 years if "substantial bodily injury results from violation" of

the law, according to the law's language.

Several agencies were acknowledged as assisting with the case, including the Livonia Police Department, and with support of the Criminal Division's Fraud Section, the U.S. Attorney's Office of the Eastern District of Michigan and the FBI's International Human Rights Unit, Criminal Investigative Division.

"The allegations detailed in today's criminal complaint are disturbing. The FBI, along with its law enforcement partners, are committed to doing whatever necessary to bring an end to this barbaric practice and to ensure no additional children fall victim to this procedure," Special Agent in Charge David Gelios said in a statement.

The curriculum is specially designed to provide students with the critical thinking and leadership skills necessary for a successful transition to college and career.

It is designed to help attendees reach their goals of attending medical and achieving success in the medical or health care profession. The program provides

students career insights into the field of medicine through advanced interactive simulations, hands-on workshops and informative seminars.

### Alumni award

Matthew E. Craig, vice president for the Eastern Region of Meijer Inc., will be honored by the University of San Diego on April 22.

Craig

Craig, who earned his bachelor's degree in Industrial and Systems Engineering from USD in 2003 and also played on the university's Toro football team, will receive the Alumni Emerging Leader Award.

Craig began his retail career while he was a USD student. Since that time, he has had 18 years of experience in retail throughout the U.S. and China.

He later joined Meijer, the Grand Rapids-based retailer, and earned an MBA from Michigan State University. He had multiple roles before being promoted to eastern regional vice president in Detroit and received the Meijer Dynamic Leader-

ship Award for Operational Excellence in 2013.

### Selected

Alex Lamb of Plymouth was selected to be a member of the Media & Communications at Fort Lewis College's Environmental Center. Lamb's major is Philosophy.

Nearly 120 Alma College students participated in Alma College's 21st annual Kapp Honors Day program on April 6. This day provides a forum when traditional classes are canceled and students share their original research, creativity and talents with an audience of their peers.

In sessions spanning nearly eight hours, students perform in dance productions, give oral presentations of scholarly research and lead poster discussions. With a multitude of the student body participating, other students are encouraged to attend as many presentations as possible both to support their fellow students and to learn from them.

Alia Jones of Plymouth presented "The Efficacy of Flexibility in Relation to Functional Movement Screening of Collegiate Dancers." She is majoring in Athletic Training at Alma College.

## GARDEN

keep up the planting, making this the first season they'll be growing on their own.

The volunteers will plant less this year, as the group is no longer affiliated with a 501(c)(3) organization and that will bring less volunteers than in previous years.

Regular volunteers will probably number at

about eight for the season, Sowards said, which is why the group isn't able to use the full third of an acre this year.

"That's why we reduced the size of the garden," she said.

Diane Durham got involved several years ago when she was looking for something to do. She's kept coming back ever since.

"I wanted to do something with my nephews, of course they only came out once and I kept com-

ing back," the Redford resident said.

The group responsible for the land plans on working most Monday mornings at the garden, but hope to add other times so others can join.

The group is always interested in allowing volunteer organizations into the garden to help tend to it, and even has a few Eagle Scout projects lined up to take place.

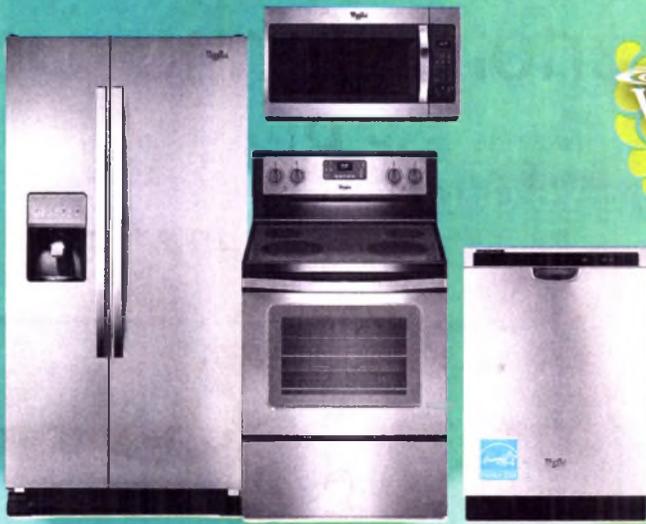

Those interested in channeling their inner green thumb are encour-

aged to come volunteer Monday mornings or can contact the garden, which has its own Facebook page and is listed as "DTE Energy Farm."

"We're going to have a couple of days where we'll take anybody," Casey said. "We don't care if they know nothing about gardening, there's always something to be done out here."

"It's fun, it's hard work, but it's rewarding."

I am an American We are One Nation

# TO GET RESULTS, GET PEOPLE TALKING

Community activist sees how holding get-togethers forms and strengthens ties

LILLIA CALLUM-PENSO  
USA TODAY NETWORK

Each week, this series will introduce you to an exceptional American who unites, rather than divides, our communities. To read more about the American profiled here and more average Americans doing exceptional things, visit [onenation.usa-today.com](http://onenation.usa-today.com).

SPARTANBURG, S.C. - Marlanda Dekine is pretty sure the root of her formal activism was the day she had to tell a 6-year-old that he would never return home to his parents. Dekine had been a social worker for nearly five years, mostly doing forensic evaluations and therapy for children who had been victims of abuse. But the meeting that day brought her emotions to a head.

She sat across from the little boy and couldn't speak.

"He's 6," Dekine says, reflecting. "He's 6. I could have all the training in the world; there are no words for how you say that."

All Dekine could think to do was to write. And so as the little boy played beside her, she penned a poem.

"... Sometimes, my masters level degree cannot make sense out of what doesn't make sense," Dekine wrote. "These children, they are tried on like new shoes. If you don't like what you see, keep it moving..."

Today, Dekine is working to foster honest dialogue across racial, religious, gender identity, ethnic and socioeconomic differences. Her organization, Speaking Down Barriers, which she co-founded with Scott Neely in 2013, began as an artistic space that brought spoken-word poetry into local churches to open conversation about issues.

The group, partly funded by a grant from the South Carolina Endowment for Arts and Humanities, holds multiple monthly gatherings, from book discussions to larger events.

At Speaking Down Barriers' first community meeting, Dekine recalls watching a multimillionaire discuss class with a person who'd just been released from prison.

LAUREN PETRACCA/USA TODAY NETWORK

Marlanda Dekine is executive director of Speaking Down Barriers in Spartanburg, S.C.

"It's a way of building community on the ground," Dekine says.

The work is slow, Dekine admits, but she and her team have seen results. People who have met through SDB events have branched off to create things such as community gardens and artist groups.

"I think the essence of transformative community building is consciousness," she says. "I am not sure you can have effective community building without it."

Who are your American heroes? Share stories and nominees at [onenation.usatoday.com](http://onenation.usatoday.com) or via email to [onenation@usatoday.com](mailto:onenation@usatoday.com) or post a video submission to Twitter, Facebook or Instagram (no longer than 2 minutes, please) with the hashtags #IAmAnAmerican #WeAreOneNation.

**Q&A WITH MARLANDA DEKINE**

**What does it mean to you to be an American?**  
It means, for me, living in a space that is still learning to love, and to even love who I am. And it means loving it enough back to expect more of it.

**What moment touched and motivated you to launch this effort?**  
That was right after (the killing of black youth) Trayvon Martin. That was right in the midst of a time when those things were much more in our awareness, and us wanting there to be a space to pull it out. It all came back to this is something people don't like to talk about, but it's always coming up. It's not just Florida, Ferguson. If it's there, it's here. I think we all had pieces and ideas for what we wanted this space to be, but the spark, I'd say, was the idea from Scott (Neely), what would it be like to do poetry in this space. Then it just took off from there.

**What gives you hope, or what concerns you?**  
Children give me a lot of hope, and I think that's because a lot of the work that I've done is with survivors of child abuse. I think there is a way that the most terrible thing (happens) and you witness the most amazing resilience, and that's where hope comes in for me, our ability for resilience.  
**Concern?** I think the deep fears that we carry about being our authentic selves, about doing authentic work. The way that we just put things off to the side when really we need to look at the full list. Let's look at ourselves and not run from ourselves, essentially. And I think my concern is most of us would rather run.

**What do you hope to accomplish through your efforts?**  
I hope to clearly see myself. So what I mean is, while the goal is community building, I don't believe I myself build community. But I think the more I wrestle here (hands on heart), the more I live here deeply, the more that what I share with the world helps to transform the community.  
So I hope for my own self a constant growth, no matter how hard. I never want to ask someone to do something I'm not willing to do myself.

He earned a bachelor's and master's degree from Wayne State University, a PhD from Michigan State University, and a certificate in music from Conservatoire National de Musique, Paris, France. Over the years, he received many honors among which were a Fulbright Scholarship, the International Teacher of the Year (Applegate-Dorros) Award from the Hometown National Television Award, the Philo Farnsworth Television Award, the National Association of Telecommunications Officers and Advisors Award, and two tributes from the Michigan State Legislature. From 1957 to 1964, he taught in the Science and Arts Program at Mumford High School. During those years and beyond, he was also adjunct faculty at Michigan State University, Wayne State University, and Oakland Community College. He was a pioneer in Global Education in the United States and, in 1976 became the founding Director of the High School of Global Education in Livonia, Michigan, a position he held until 1997. His most recent position was Director of the Center for International Studies at Madonna University, Livonia, Michigan. His various careers spanned singing in opera, concert, night club, and music hall, as well as recording albums of songs and arias. He was one of the first tenors to sing leading roles with the Michigan Opera Theatre. For many years, he sang throughout the United States with the Piccolo Opera Company. In the mid-60's, he resided in Europe where he sang in theatres, on television, and for recordings. As a singer and public speaker, he criss-crossed the globe. In recent years, he hosted and produced three television series - "Global Connections", "Dining Out with Jonathan Swift", and "Time Out for Opera" this latter with the Michigan Opera Theatre, a program he co-hosted with Karen DiChiera. These programs, produced at Bloomfield Television, were seen on both WFUM-TV (PBS-Flint) and WTVS-TV (PBS-Detroit). A long time parishioner of St. Regis Catholic Church in Bloomfield, Dr. Swift was instrumental in launching the St. Regis Concert Series. Active in many Church events, Jonathan Swift was also a Eucharistic Minister. In Bloomfield Township he served as a member of the Oakland Hills Subdivision Board of Trustees. Dr. Swift was also the author of several dozen articles, reviews, poetry, and other contributions to professional books and journals. He was a consultant, evaluator, and avid worker in educational television and school curriculum. Jonathan is survived by his dear friend, Jackie Collins and family in Scotland, England, and the United States. He is preceded in death by his longtime companion, Thomas St. Charles. A Funeral Mass will be celebrated at St. Regis Catholic Church, 3695 Lincoln Road, Bloomfield Hills, Michigan 48301, Wednesday, April 19th at 11:30am. Friends may visit at church beginning at 10:30am.

TRIPP

**BARBARA THAYER** Age 91, died peacefully in her home surrounded by family. Barbara was born in Saginaw Michigan in 1926. Barbara was raised by her mother and Great Aunt Belle, as Fred died when she was three years old. She and her best friend Ginny, who later became her step-sister used to say that they would each have a dozen children or they would become Old Maids and have parrots that swore. Barbara and Ginny had a bakers dozen of children between them. Barbara is survived by her seven children: Nancy Tripp and her spousal equivalent Chuck Burdett, Susan Burleigh and her son Abe, David and Jean Tripp and their children Devin Roewe, Lindsay and Andrew, Mark and Katherine Tripp and their children Aaron and Ashana, Paul and Donita Tripp and children Chelsea and Ben Meyers with Henry and Harper, Nick and Courtney Tripp with Sophia and Jack, Barbara and Chris Calleja and their children Christopher and Alexandra Reymann and Alayna and Abby Calleja, Stephen and Dianne Tripp and their children Jillianne, Adam and Bethany. She is also survived by her step brother John Harris and his wife Dulcie of Boulder Colorado. Barbara's family, children, grandchildren and great grands were the light of her life. There is nothing she loved more than to be surrounded by her family. Barbara was working after High School when she met Donald Tripp. They married in 1949 and began a family. Barbara was a mother and a homemaker as they raised the tribe in Rochester and Plymouth Michigan. As a couple they were integral in the formation and development of The Plymouth Life and Drum Corp. Many hours and many miles were covered with their children who marched to the tweet and the beat of that drum corp. In 1978 they moved their family to Lovell Maine to manage Westways at Kezar Lake. Barbara became the glue as Innkeeper, Breakfast Chef and Housekeeper of the Main Lodge, while Don commuted from Michigan to Maine until his retirement. Following these years she took jobs at Berlin City Bank and J.C. Penney's. Barbara was guided in life by a deep and abiding faith in God. The Lovell United Church of Christ was her true home and she contributed time and energy to her love of Jesus and community at that small church. For 38 years and the 21 years following Don's death this was her true home. Her friends at this church meant the world to her. Barbara moved back to Michigan last year to spend the last days of her life with children and grandchildren living at the American House in Westland Michigan. The family wishes to thank the wonderful staff at American House, the staff of Arbor Hospice and Mom's aides Denise, Marl and Susan who helped and supported Barbara into the last days of her life. It was a rare day that you couldn't get a giggle or a smile from Barbara, even on the worst of days. Her strength, kindness and good spirit will be missed by all who knew her. A Memorial Service will be held in Michigan on Saturday April 22nd at Sequoia Place, 1131 N. Maple Rd. Ann Arbor, MI 48103, from 2pm to 4pm. An additional Memorial Service will be held in Lovell, Maine in early August. Dates and places for the service in Maine will be announced at a later date. In lieu of flowers Barbara ask that any donations be given to The Lovell United Church of Christ or The Myasthenia Gravis Foundation. To donate to Lovell United Church of Christ, mail check or cash to the below address: The Lovell United Church of Christ PO Box 232 1174 Main St. Lovell, ME 04051 To donate to the Myasthenia Gravis Foundation please visit the website below: <http://www.myasthenia.org/HowcanIhelp/Donations.aspx>

# Crusaders look forward to playing at Comerica Park

Madonna will play Northwestern Ohio in a game April 19 in Detroit

Brad Emmons  
hometownlife.com

The Madonna University baseball team is more than happy to give up one home game this season to move from the friendly confines of Iltch Ballpark to Comerica Park.

And in what they hope becomes an

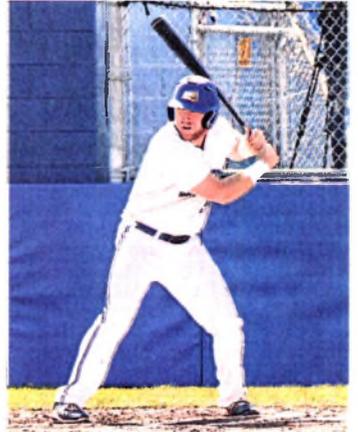

annual affair, the Crusaders will take on Wolverine-Hoosier Athletic Conference leader University of Northwestern Ohio at 7 p.m. Wednesday, April 19, at the home of the Detroit Tigers.

"What's really cool is the people at Comerica Park said they want this to be as much a home game for Madonna and they're really taking care of us," Madonna first-year coach Ted Falkner said. "It's going to be a great opportunity for our guys."

General admission tickets for the

game, which is open to the public, are \$10 for adults and \$5 for college and high students (16-and-under with I.D.) on a first-come, first-served basis where they'll be able to sit in sections 118-137. Tickets also will be available the day of the game at the box office located outside Gate A. Parking for the event will be available in lots 1 and 2 located in front of Gate A for \$6 per car.

# Cole leaves for MSU gig

Coach had great success leading USA Hockey's National Team Development Program

Tim Smith  
hometownlife.com

For the second straight year, USA Hockey's National Team Development Program is losing a coach to the college ranks.

In 2016, Don Granato left the Plymouth-based NTDP to join brother Tony behind the bench at Wisconsin. On Tuesday, Danton Cole officially became head coach at Michigan State University.

The 50-year-old Cole, who played at MSU in the mid-1980s and went on to enjoy a six-year career in the National Hockey League, will take over from Tom Anastos, who resigned in March.

"I'm really honored to have the opportunity to represent Michigan State University and Spartan hockey," Cole said in an MSU press release. "This is a position to which I've always aspired. I wasn't sure the timing would ever work out, but I'm very fortunate."

"My mom and dad both went to Michigan State — I didn't grow up around MSU, I grew up at MSU. It has been an enormous part of my life."

But so was his exceptional seven-year career with USA Hockey's NTDP, a proving grounds for young players with similarly big aspirations.

"We've been fortunate to have someone with the experience level and passion for development that Danton brought to the NTDP each and every day over the course of the past seven seasons," said Scott Monaghan, the program's senior director of operations. "He has been a great teacher of the game to our players and a mentor to young coaches as well. We wish him nothing but the best at Michigan State."

Also saluting Cole was Jim Johannson, USA Hockey assistant executive director for hockey operations. "It's certainly a big loss for our program, but we're extremely happy for him."

Tim Smith

Cool and damp conditions Thursday at Whispering Willows Golf Course in Livonia might have been a nuisance to golfers competing in the KLAA Kensington Conference preseason tournament.

But for co-medalist Jack Boczar and the first-place Plymouth Wildcats, such conditions merely are another obstacle to hurdle during what the team hopes will be another big season.

"It kind of gets you started," Plymouth varsity boys golf coach Dan Young said. "It's good to get off to a good start. Tough day weather-wise, so we had to grind it out."

Plymouth tallied 307 to collect 12

# Madonna upends MAC leader Central Michigan

Brad Emons  
hometownlife.com

It turned out to be a pleasant ride back from Mount Pleasant on Wednesday as the Madonna University baseball team proved once again it can carry its own weight against an NCAA Division I opponent.

The NAIA Crusaders scored six runs over the final five innings to upend Mid-American Conference leader Central Michigan University, 6-4, at Theunissen Stadium.

The win snapped a seven-game win streak for the Chippewas (17-15), who lead the MAC's West Division with a 6-0 record. The Chippewas committed five errors in the loss, while MU has now won three straight and five of six to move to 22-12 on the year.

"Our guys just competed," MU first-year coach Ted Falkner said. "We actually got the call the day before

from (CMU coach) Steve (Jaska). He said, 'We have an open date and you have an open date, do you want to come up and play?' And I said, 'absolutely.'"

CMU led 2-0 after three innings, but the Crusaders answered with two runs on three hits, coupled with three Chippewa errors, in the fifth to even the game at 2-2.

Ryan Freemantle reached on a one-out infield single and moved to third on a stolen base and throwing error. A walk put Jerad Dokey on before Ryan Lambrecht singled to tie the game.

MU added two more in the top of the sixth on one hit and another error.

Freshman Frankie Lucska (Garden City) walked with one out and Freemantle reach on a fielder's choice, then moved to second on an error. Walks to Matt Deneau and Dokey loaded the bases for Lambrecht, who delivered again with a two-run single to center for a 4-2 advantage.

A walk and back-to-back singles for the home team cut the lead to one in the bottom of the inning, but Madonna wasn't done.

Lucska doubled with two outs in the seventh and scored on the fifth CMU error. Jared Hagan then drove in Dokey with a single.

In the bottom of the ninth, CMU loaded the bases and got a sacrifice fly from pinch-hitter Nick Stowkowski to cut the deficit to 6-4, but Cliff Landess got a fly out to end the game for his seventh save of the season.

"We had some guys shuffled around our lineup," Falkner said. "We did not have our regular lineup. Guys moved around but they all did their jobs and did everything we asked them."

Zack Schmidtke (2-2), who got credit for the victory, got the start and allowed two runs on four hits in three innings with two strikeouts. John Rodriguez pitched the next three innings,

allowing one run in the bottom of the sixth, while Layne Gusler came on to pitch two scoreless innings.

Lambrecht, the senior designated hitter from Lake Orion, drove in four runs, while Taylor Grzelakowski added two hits.

"Our pitchers filled the (strike) zone and all hit their pitch counts," Falkner said. "They did their jobs and we had no errors, which was also big. And offensively we had some big hits. Ryan Lambrecht had two huge hits for us."

Zach Kohn (0-4), who came on for CMU starter Jordan Grosjean in the fifth, suffered the loss.

Daniel Jipping (Plymouth Christian Academy) doubled twice, while David Cole and Alex Borglin also collected two hits apiece to pace CMU's 11-hit attack.

points in the tournament, which essentially is used as a gauge to determine where teams fit against each other in the conference.

The Wildcats edged second-place Northville (310), but then there was a drop off to Novi (third, 329), Livonia Stevenson (fourth, 335) and Livonia Churchill (fifth, 337).

Boczkar shot 3-over-par 73 and shared the top spot with Northville's Abhinav Alluri.

### Finding a way

"Jack can score even if he doesn't have a perfect swing going, because he can chip and putt," Young said. "He can figure his way around the course. And I would say (teammate Justin) Kapke is similar that way."

"Those guys have played this course a lot, know how to stay out of trouble and limit their losses and then get a birdie here or there on some of the holes that are reachable."

Kapke, also a senior, and Northville's Jimmy Dales both shot 75. Plymouth freshman Ian Smith showed his mettle with 76.

"I've been hyped up for the high school season for a couple months," said Boczkar, a 2016 all-stater. "And I'm excited to get out here and see what we can do this year. We didn't have the best scores today, but we still grinded it out."

"We just have to keep working hard and see where the rest of the season takes us."

Boczkar shrugged off the chilly weather and rain-soaked terrain. He added that although not being able to play consistently due to rainouts and spring break can be challenging, teams really have no choice.

"Everybody does it, so we got to manage somehow," Boczkar said. "As much as I would love to be in warm weather all the time, I think it makes us mentally tougher as a team and individuals when we have to put up with the weather and all the starts and stops."

Rounding out the Plymouth scorecard (the top four players scores were tallied) was senior Matt Decker (83). Not far behind were Timmy Baldwin (85) and Joe Fontana (87).

Northville's lineup, in addition to Alluri and Dales, included Aaron Youmans (79) and Drew Kearis (83).

Leading Novi with 77 was Mike Ulle, followed by Ryan Welch (81), Chris Fisher (85) and Derek DuBois (86).

### Not the best day

For the fourth-place Spartans, head coach Curt Hage almost called the day a team mulligan.

"I just think it was tough playing conditions and we've only had two or three days to practice to get ready," Hage said. "I think they are going to do well, but they just hit a rough spot."

"They're good players, they just got some work to do."

The bright spot for the Spartans was senior newcomer Craig Jakacki, who

*"I just think it was tough playing conditions and we've only had two or three days to practice to get ready. I think they are going to do well, but they just hit a rough spot. They're good players, they just got some work to do."*

CURT HAGE  
Stevenson coach

Hage said was the only player on the team to shoot his average with 84.

His younger brother, Connor, shot 81, while Trevor Lopus tallied 83 and Easton Schlatterbeck 87.

Churchill's best performer of the day was senior John Doyle, with 79. Also scoring for the Chargers were Logan Welch (85), Aaron Walton (86) and Max Proulx (87).

Veteran Canton head coach Tom Alles said his No. 1 player, senior Suhas Potluri, finished with 81 after a tough start.

"(Potluri) started his round with a seven on a par-3 and after that he righted the ship and played very well the remainder of the round," Alles said. "But we had a really rough start."

"Patrick McDougall, a junior, shot 84 and those were our two best players."

Dominic Dimaya and D.J. Jablonski registered respective scores of 88 and 89 for the Chiefs.

"It shows you who can play in sloppy weather and cold weather," Alles said. "And it just gives you an idea of how you're going to compare with the other teams in the conference."

Alles added that playing in less-than-ideal conditions is a good learning opportunity for young golfers.

"The ball doesn't go as far in this weather and you have to accommodate for that by using more club," Alles said. "A lot of times kids don't figure that out in time."

### Game plan

According to Salem head coach Ryan Nimmerruth, scores at the tourney "were a bit higher today than we would have liked. But these guys have potential."

"Three of my guys are getting their first tournament experience ever, so hopefully we can continue to improve throughout the year. The goal is to be playing your best golf at the end of the year."

For the Rocks, leading the way with 85 was Justin Pulce. Chipping in with 86 was Bryce Henderson, while Robbie Hermes (87) and Shawn Weldon (88) followed.

Several other golfers with solid performances included South Lyon East's A.J. Clark (79), Livonia Franklin freshman Brandon Tirador (82), South Lyon East's Jason Zobl (83) and South Lyon's Nate Campbell (84).

### Winning pedigree

Under Cole's leadership, NTDP teams have scored gold medals in 2012 and 2014 at the International Ice Hockey Federation Men's Under-18 World Championship, among numerous other team accomplishments. He coached the Under-17 team during 2016-17.

In the university's press release, MSU athletics director Mark Hollis said Cole has been a proven winner every step of the way, going back to his playing career.

"He's raised the Stanley Cup as a player, understands the obligations of running a Division I hockey program and he's plugged into the country's best young talent from his time with the USA Hockey National Team Development Program," Hollis said. "He has demonstrated the ability to develop young talent into great players."

"Most importantly, his comprehensive approach to developing men of character goes beyond on-ice instruction and into the classroom with a commitment to education, as evidenced

both by his work with the NTDP and his time as a student-athlete during which he captured the Big Ten Medal of Honor."

Cole, the seventh head coach in Spartans history, wants to help restore the program to its former glory days. "As a program, we want to compete

for Big Ten championships and be a part of the NCAA tournament," Cole said, "because as I experienced as a player, once you get in the tournament, you're on the doorstep of a national title."

"We're going to identify and recruit young men that want to be Spartans and share our vision of excellence on and off the ice."

Cole played in the NHL with Winnipeg, Tampa Bay, New Jersey, the New York Islanders and Chicago. He and his wife Debbie have three daughters — Ashton, Madeleine and Payton.

ROUNDUP

# Kopitz scores four as Stevenson wins, 6-0

Area soccer, softball, tennis and track teams continue conference seasons

Tim Smith  
hometownlife.com

Audrey Kopitz couldn't be stopped Wednesday, as she scored four goals in Livonia Stevenson's 6-0 victory over Walled Lake Central.

But Spartans head girls soccer coach Ken Shingledecker also gave praise to the rest of his team for playing a strong all-around game against the Vikings. "Audrey had a special night," Shingledecker said. "But I don't want to underestimate the effort from the rest of our team. Tonight goes into the category of total team win."

Helping the Stevenson cause with two assists each were Kennedy Thurlow and Megan Verant while Kayla Gacoch and Sarah Monte also drew assists. Other goal scorers were Verant and Maria Bayyouk.

Combining for the shutout were goalies Haley Demers, Mackenzie Fifer and Ashley Kasper.

"Things get serious next week for us with two tough league games," Shingledecker said, referring to contests against Salem and South Lyon East. "No one is handing out any trophies for winning non-league games."

**PCA 9, ARBOR PREP 1:** Behind a strong offense keyed by Jessica Paul-

son, Allie Crecelius, Crystal Bock and Danae Moriari, Plymouth Christian Academy cruised to victory Thursday afternoon.

"They (Eagles) picked up the intensity on and off the field today and it showed," PCA head coach Annette Somercik said.

**GREENHILLS 8, CLARENCEVILLE 0:** On Thursday, Livonia Clarenceville couldn't overcome a 5-0 halftime deficit in a non-conference loss at Ann Arbor Greenhills (1-1), which got two goals apiece from Emma Petrillo and Kirin Cromer.

Clarenceville goalkeeper Allison Lay made 12 saves with defensive help from Monica Gonzalez, Allie Snage, Jordan Lay and Breanna Ford.

"We held them to three goals in the second half having some miscommunication costing the goals," said Clarenceville coach Amanda Truitt, who mentioned the offensive efforts of Michelle Marzolo, Yumeko Sakamoto and Paola Gonzalez.

**ARBOR PREP 7, REDFORD UNION 5:** On Tuesday, Maggie Osowski scored twice and Cassidy Sandelin added a goal and two assists, but it wasn't enough as Redford Union (0-2) lost to host Ypsilanti Arbor Prep in a high-scoring affair.

**OTHER GAMES:** Salem lost 1-0 to Waterford Mott; Canton defeated Livonia Franklin, 8-0; Plymouth defeated John Glenn, 7-0; Livonia Churchill routed Wayne Memorial, 7-0.

Softball

**NORTHVILLE 13-2, SALEM 7-10:** Northville pounded out a total of 26 hits on Wednesday, but had to settle for a split of a KLAACentral Division girls softball doubleheader with host Salem.

The Mustangs (3-1, 2-1) won the opener, 13-7, as Abby Tolstyka led an 18-hit attack going 3-for-5 with three RBIs.

Meanwhile, Salem (2-1, 2-1) took the nightcap, 10-2, as sophomore Maddie Petix, making her first high school start, allowed 13 hits while walking one and striking out five as she took the loss.

Sara Moos went 3-for-4 with a solo homer in the first inning, while Hige added an RBI.

**FRANKLIN 15-17, WAYNE 0-2:** Livonia Franklin improved to 2-1 on the season with Wednesday's doubleheader sweep of Wayne Memorial.

Sparking the Patriots were Haley Bennett and Brooke Garbarino, each hitting three-run homers. Jordan Berger and Lauren D'Angelo were the winning pitchers.

Another early season standout for Franklin has been freshman Madison Reynolds, who is leading the team with a .857 batting average.

Girls tennis

**GARDEN CITY 6, REDFORD UNION 2:** Redford Union put up a fight in its girls tennis season opener before falling Tuesday at home to Western Wayne Athletic conference foe Garden City.

The Panthers got wins from Haley Hebner (No. 4 singles), who won a super-breaker, 10-9, along with the No. 2 doubles team of Sarina Anderson and Isis James, who prevailed, 6-3, 6-2.

RU's No. 1 singles player Bria White split her first two sets before falling in a super-breaker, 10-8.

**SALEM 7, SOUTH LYON 2:** Salem prevailed over the Lions, with winning players including Lizzy Lu, Bianca Ghita, Corina Ghita and Ovyia Venkat at singles; Trina Pal, Sarah Martin, Neha Narayan, Rachel Zhou and Sharon Chen at doubles.

Boys track and field

**CANTON WINS BIG:** Canton opened the dual meet season Tuesday with a 122-15 win over Westland John Glenn.

The Chiefs finished first in all but one event. Individual firsts were recorded by Drew Koenigsknecht (pole vault), Jordan Forney (high jump, long jump), James Deese (discus), Jemal Vaunado (110-300-meter hurdles), Caleb Moraw (400 dash), Hunter Hall (800 run), Steve Walker (100-, 200-yard dash) and Zac Clark (two-mile run).

Girls track and field

**SALEM 107, SOUTH LYON 30:** Salem swept throws events (Lyniah Wilson and Rachel Lepper won the shot and discus, respectively) while Erin McCann won in the long jump.

Other Rocks of note included high jump winner Makayla Ward and Haven Essien, who won both hurdles events.

## Plymouth takes advantage in 13-2 triumph

Wildcats parlay walks, errors and hits into 11-run inning and turn 2-2 game into mercy against Churchill

Tim Smith  
hometownlife.com

Here's an indication of how quickly Plymouth's varsity baseball team comes back from a little bit of adversity.

Livonia Churchill's Matt Smith smacked an opposite-field single to right field to score two runs and tie Wednesday's opener 2-2 in the bottom of the fifth.

The first batter for the Wildcats in the top of the sixth, Brenden Lacorato, doubled to right and scored two batters later on a single by Nikhil Patel to give Plymouth the lead right back.

By the time the inning ended, the Wildcats were up 13-2 and freshman Jeremy Fuchs retired the side in the bottom of the inning to finish what turned from a tight ballgame into a mercy.

"As I told you before, it's all about a team thing for us," Plymouth head coach Jason Crain said. "We had three different guys play right field for us that game, we had guys running."

"The kid that finished up, Fuchs, is a freshman. So we're real excited about the whole team and how we pick each other up. It's someone else contributing all the time."

Earning the win with five strong innings was Plymouth senior starter Mike Matovina.

Game 2 of the KLAACentral Division doubleheader was a more conventional mercy, with Plymouth winning 12-0 behind the shutout pitching of starter Josh Janovsky (five innings) and Kai St. Germaine (one inning).

Collecting two hits each were Evan Good, Kyle Aniol and Mike Wischer as Plymouth improved to 3-0.

Plymouth's Nikhil Patel (left) slaps a tag on Livonia Churchill base-runner Matt Smith during the opener of Wednesday's doubleheader.

Things snowballed

Lamenting how the first game got away from the Chargers was Churchill head coach Ron Targosz.

"We battled, we just had trouble throwing strikes a little bit," Targosz said. "Couple errors didn't help and a couple seeing-eye singles that guys couldn't get to. But it is what it is."

On the plus side for the Chargers (0-3) was Game 1 starting pitcher Joe Wozniak, who gave up only an RBI hit to Zach Beadle in the second (to score Wischer) and threw a wild pitch that allowed Jacob MacBrien (who led off that inning with a double) to score.

"Joe pitched really well. That's his first time out this year, as far as a game," Targosz said. "He was up in pitches. He had 97 or 98 (pitches) and he let the first two guys on, so I figured it was time to pull him."

"I don't want to hurt anybody's arm

this early in the season."

The Wildcats benefited from five walks and a hit-batsman, along with an error during the 11-run surge.

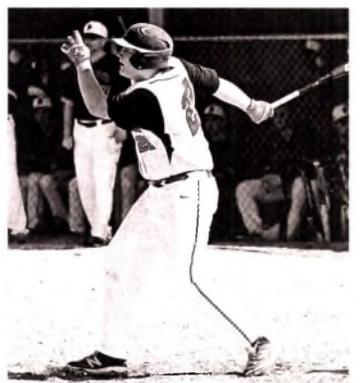

But there also were some clutch hits. In addition to Patel's single that gave Plymouth the lead for good, runs came home on a two-run base hit to center by Michael Wischer and another pair scored when Beadle grounded the ball through the hole at shortstop.

An infield single by MacBrien with the bases loaded made it 12-2.

Crain also cited a perfect bunt by Logan Dziadzio that went for a single.

"Mike Wischer had four hits and a lot of great at-bats by a lot of people," Crain said. "Logan Dziadzio laid down a great bunt in that inning, early on, to get it started."

## Northville's Ziparo tosses no-hitter against Salem

Stevenson, Franklin sweep doubleheaders against division rivals

Brad Emons  
hometownlife.com

Northville's Connor Ziparo proved to be his swashbuckling best Wednesday.

The 5-foot-10, 170-pound senior left "The Mark of Zorro," throwing a no-hitter in the opener of a doubleheader as the Mustangs went on to sweep host Salem in KLAACentral Division baseball action, 1-0 and 6-2.

Ziparo, a left-hander, finished with seven strikeouts and only two walks in seven innings in Game 1 and was able to out-duel Salem ace Matt Brooks, who allowed just two hits and one walk while striking out 10 over six innings.

Northville scored the game-winning run in the top of the seventh on Billy Flohr's one-out RBI single, scoring Jake McWilliams, to hand Salem reliever Sean McCormack the loss.

In Game 2, Northville improved to

4-0 overall and 3-0 in the Central Division thanks to six innings of scoreless relief by Tyler Troyer, who picked up the win.

Troyer allowed just two hits, walked three and struck out three after Salem (1-2, 1-2) struck for two runs in the first off Northville starter Ryan Pumper.

But the Mustangs answered with three runs in the top of the second before adding one in the fourth and two in the fifth.

Jack Sargent went 3-for-4 with two RBIs to pace Northville's nine-hit attack. Other contributions came from Aram Shahrigan (two hits, two RBIs), Flohr (two hits, one RBI) and Michael Lionas (two RBIs).

Salem starter Jacob Seipenko, who gave up six earned runs in five innings, suffered the loss. He had two hits and an RBI, while Trevor Genaw also added two hits.

**NORTHVILLE 11, WAYNE 0:** Junior Nick Broda notched his first career win Thursday as the host Mustangs (5-0, 4-0 KLAACentral) rolled to a five-inning Kensington Conference crossover victory over Wayne Memorial (0-4, 0-4 KLAACentral).

Broda, a left-hander, allowed just one hit, walked one and struck out three over four innings.

Billy Flohr went 2-for-3 with two RBIs to lead the Mustangs' seven-hit attack.

Northville broke it open with five runs in the bottom of the fifth inning on RBI singles by Kevin Morrissey, Jack Sargent, Aram Shahrigan, Jake Moody and Ryan Perkins.

Tyler Napier had a first-inning single for Wayne, while starter Malik Lewis took the loss.

**STEVENSON 3-3, SOUTH LYON 2-2:** The host Spartans swept Wednesday's KLAACentral Division doubleheader, winning each game by the same score.

In Game 1, two-hit showings by George Ferguson (two runs) and Brandon Posky keyed Livonia Stevenson's attack. RBIs were picked up by Ferguson, Posky and Danny Morris (1-for-2).

Earning the win in relief of starter Dan Bos (four innings, one run) was Jacob Way, with Bobby Cavin coming in for a two-out save.

Stevenson (6-0 overall, 5-0 in the division) finished the sweep with Mark Petterson's RBI hit in the bottom of the sixth, snapping a 2-2 tie. Petterson's hit scored Danny Morris, who doubled.

Combining efforts on the mound were starter Ferguson (five innings, one run, nine strikeouts), winning pitcher Conner Beck and Cavin, who fanned both batters he saw for his second save of the day.

**FRANKLIN 5-8, WAYNE 4-7:** Livonia Franklin took a pair of close contests Wednesday against KLAACentral Division opponent Wayne Memorial.

In the opener, the Patriots were sparked by Kyle Wollam (2-for-3, two runs), Kolby Dewhurst (2-for-4, two RBIs) and Ben Raich (2-for-3). Earning the win was Jon Montie, who struck out seven in 4 1/3 innings.

For Wayne, registering three hits was Justin Johnson with Devin Puckett (2-for-4, two RBIs) and Tyler Napier (2-for-4) helping the cause.

The nightcap was tight through four frames (2-2) before each team had big innings. The Zebras scored five in the fifth, with Johnson smacking a three-run double.

But Franklin responded with a six-spot. Nick Hoyer's hit drove in the winning run to help Hanson Merrill earn a win in relief of starter Richie Garcia.

Clarenceville pitchers gave up six earned runs on only six hits.

"Our pitchers threw strikes for the most part," Clarenceville coach Craig Cotter said. "Not going to win many ball games when you boot the ball around like we did today."

Demond Scritions had the lone RBI single for Clarenceville, which loaded the bases twice with less than two outs, but hit into inning-ending double plays.

Matt Drain, Kam MacIver and Bobby Jaber had the other Clarenceville hits.

**CLARENCEVILLE 10, HURON VALLEY 0:** Zack Richards fired a one-hitter Wednesday as Livonia Clarenceville (1-1) took just five innings to mercy host Westland Huron Valley Lutheran.

Richards needed only 63 pitches, striking out nine and walking only one.

"Zack threw a lot of strikes and got ahead in the count all game," Clarenceville coach Craig Cotter said. "I like the way he went after guys and did not back off. He did a great job of hitting his spots."

Offensively, leading the Trojans were junior Demond Scritions (two hits, two RBIs, three runs) and junior Nick Bisaro (two doubles and two RBIs). Senior Justin Kelley's two-run double in the fourth blew the game open to put the Trojans up 9-0.

Bobby Jaber, Kam MacIver, David Means and Richard had the other hits for Clarenceville.

"Our top three hitters in the lineup went 5-for-8 with six RBIs," Cotter said. "Can't ask for any better than that."

**REDFORD UNION 15, HENRY FORD ACADEMY 0:** Winning pitcher Tyler Collard went 4-for-4 as the Panthers (2-0) rolled to a non-conference victory Wednesday over visiting Dearborn Henry Ford Academy.

Jakob Bowles also went 3-for-3 with four RBIs, while Jacob Reams also went 3-for-3.

"It was a good effort by all the players," RU coach Bob Miller Jr. said. "I'm pleased everybody got a chance to play and contribute."

**PLYMOUTH CHRISTIAN RESULTS:** Plymouth Christian Academy opened the season losing a doubleheader to Oakland Christian.

After the opening game in which the Eagles lost a high-scoring contest despite a triple and home run by Austin Andres and two hits by Nathan Bishop, PCA dropped a pitcher's duel in Game 2.

The tough-luck loser was Phillip Morby, who gave up just one earned run. PCA's only hit was recorded by Josh Mason.

## PREP SOFTBALL

## Pitchers spark Plymouth sweep of Churchill

Tim Smith  
hometownlife.com

What's a team like Livonia Churchill to do?

After coming back from spring break, the Chargers varsity softball team faces high school powerhouses Northville and Plymouth right off the hop.

On Wednesday, Churchill had no answer for Plymouth junior pitcher Jenny Bressler in the first game of a KLA South Division twinbill. Bressler threw a five-inning perfect game, fanning 14 as the Wildcats won, 12-0.

The nightcap was somewhat better for coach Steve Gentilia's team. It only lost 5-3 as Plymouth freshman pitcher Angela Schmidt threw a complete game and won her first varsity contest in the circle.

"She's one of the best pitchers around in the state," Gentilia said about Bressler. "It's tough facing her, but we got to do a better job of attacking the zone and being aggressive with our at-bats."

Plymouth head coach Lauren Evans raved about both her starting pitchers, as the Wildcats improved to 3-0.

"Jenny Bressler threw a perfect game in five innings," Evans said. "She only had one ball put in play and it was snagged in the outfield by a great play by (junior) Jessica Tucci."

As for how Schmidt pitched, striking out the side in the first and finishing with 10 strikeouts, the coach smiled.

"It's awesome," Evans said. "We now have a pitching staff of three student-athletes and they're all gamers. I have Jenny Bressler, ace for us last year and confident on the mound, always ready to compete. Leader on and off the field."

"I have sophomore Kiersten Metz, who is going to see time on the mound.

Livonia Churchill's Brooke Hanson rounds the bases during Wednesday's second game against Plymouth.

TOM BEAUDOIN

She's consistent, she throws strikes and has a passion for the game, passion to pitch.

"And I have freshman Angela Schmidt, who just played in her first game and she showed us she's ready to compete."

#### On the prowl

The Plymouth offense was clicking in the opener, with Bressler going 4-for-4 to pace a 15-hit attack.

Other multiple hits were collected by Tucci (2-for-4), Whitney Holden (3-for-4), Gina Barber (2-for-3) and catcher Haley Gagnon (2-for-3).

The second game was icing on the cake for Plymouth, with Schmidt's

pitching and solid defense along with some opportunistic offense leading the way.

"It was very fun," said Schmidt, who played travel ball for Novi Madness, about her Plymouth debut. "I loved being able to play with my new teammates on varsity."

She said facing older players didn't bother her, because her coach with the Madness "had us play against older teams, so it was very helpful."

Plymouth notched single runs in the first and second innings before the Chargers sliced the gap to 2-1 in the bottom of the second.

Kaitlyn Vinitzki dropped a single to center to score Brooke Hanson, who

also singled in the inning.

But the Wildcats came right back, scoring two runs in the third on RBI hits by Gagnon and Holden — the latter tripling to right-center.

Churchill tallied two runs in the home half of the third. Hanson doubled to center and Madison Christensen followed with an RBI single.

Once again, Plymouth answered. With two outs in the fourth, Barber roped a triple off the fence in left-center. Barber then scored on Gagnon's single.

#### Airtight 'D'

The Chargers were held to singles by Maria Targosz and Jenna Kwiecinski the rest of the way, although several well-struck balls were turned into outs by Plymouth's infield defense.

In the sixth, Metz gloved a liner to open the inning and freshman first baseman Sophia Dibbles flagged down a hard-hit ball to take away another potential hit.

Freshman shortstop Alexis D'Alexander then short-hopped another bullet, off the bat of pinch hitter Ashley Bond, and threw to Metz for the force at second.

"Our team is very good at fielding and I trust them," Schmidt said.

Despite the Game 2 loss, Gentilia said he liked how his team "came back and were more aggressive. We put the ball in play and we started making some things happen."

"It was a better effort on our part and that's all we ask, is that every day we're getting better and doing the things we need to do to take care of ourselves," he added.

## GIRLS SOCCER

## Cougars off to promising start on young season

Garden City team starting to mesh as formidable unit

Tim Smith  
hometownlife.com

The sports "microwave" is working for Garden City varsity girls soccer coach Jeff Szytula.

Earlier in the week, Szytula said it might take some time for his Cougars squad to jell because of the convergence of some new players from various club teams.

"We have a lot of players from different clubs and we have some freshmen and sophomores in with six seniors," Szytula said. "So it's just a matter of everybody meshing. I think we have a very good team in terms of skill."

Szytula, two nights later, started to get the unified results he was looking for as Garden City rolled to a 7-0 victory over Taylor Truman to improve to 2-2-1 overall. Scoring three goals was Alex Sherlock, with two goals by Kaitlyn Bovensiep and single goals by Ashley Hahn and Claire Konopatzki.

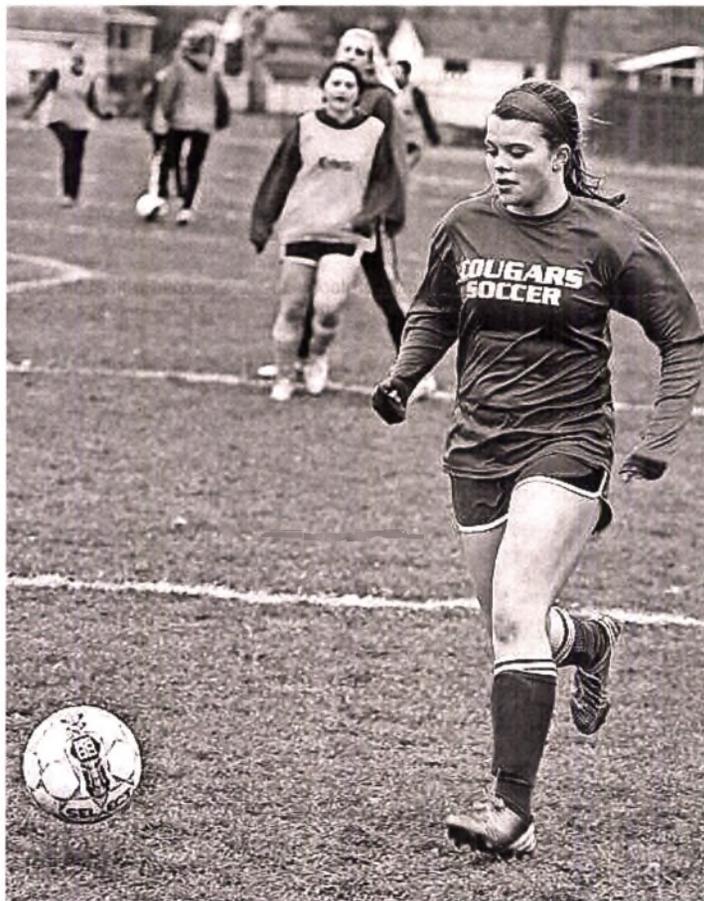

Brooke Collins, Faith Staley, Eden Messner and Sherlock collected assists, while goalkeeper Tatum Spears earned the shutout.

"The girls played a great game," Szytula said. "The combination of passing and movement off of the ball helped us to keep possession and generate many scoring opportunities."

"Our defense and center midfield did a outstanding job of winning the ball and distributing the ball to our forwards and wingers."

Perhaps the lopsided win could propel the Cougars to a big season in the Western Wayne Athletic Conference, coming off a 2016 season when the team struggled somewhat.

Szytula might take more stock in how his team fared against strong teams such as Flat Rock (a 3-2 overtime win Tuesday on a goal by Collins) or North Farmington (a 2-2 tie the first week of April).

Garden City's Claire Konopatzki, shown during a 2016 game, is one of the Cougars' top returnees.

FILE PHOTO

"We take on a very tough non-conference schedule in hopes of preparing us for league play and districts," he said.

"We're real excited for the season. The girls are buying in and they work really hard."

"The girls played a great game."

JEFF SZYTULA  
Garden City coach

#### Ready to lead

The Cougars have a stellar nucleus in senior forward Collins, senior midfielder-defender Skyler Clendenning, senior defender Angie Dimopoulos, junior defender Konopatzki and junior midfielder Sherlock — who happens to be the kicker on Garden City's football team.

"Obviously, we count on (Sherlock) to take some long-distance free kicks and she's a big-time player for us in the midfield," Szytula said. "She kind of holds it down. And she plays a very strong game, always brings her best."

Collins, an all-area player in 2016, already is producing the offense her coach expected she would. She scored two goals against Flat Rock.

"Brooke is probably our top goal scorer," he said. "We have a lot of high-quality players but we don't have anybody that's the best."

Fourth-year varsity player Clendenning "brings good field awareness and has a great long throw-in. She can play any position on the field except goalie and is an excellent role model for the younger players."

As for Dimopoulos, a fourth-year varsity player and co-captain (sharing leadership duties with Sherlock and Clendenning), Szytula said she will be an on-field quarterback.

"She's done a real good job of directing everything, she's a very smart player," he said. "She's played club her whole life."

Another key contributor will be sophomore sweeper Alexis Horvath, who the coach added could fill in at midfield.

## CRUSADERS

Continued from Page B1

"Scott (Kannell), our athletic director, knows the Ilitch family through his son's travel baseball," Falkner said. "He had been talking to them about the possibility of doing it and it got approved through the administration here at Madonna."

There will also be an alumni tailgate prior to the game 5-6:30 p.m. at Cheli's Chili Bar, located across the street from Comerica. There will be a donation of \$5, with all proceeds going toward the Madonna Fund for scholarships.

"We're trying to play Wayne State every year and make that kind of annual thing where we get Detroit area alums to come," Falkner said. "This year, it's going to be a giant conference game because it's against Northwestern Ohio, who is in first place, 3½ games ahead of us."

#### Team is raking

Falkner's team, heading into a Saturday home doubleheader again North-

western Ohio, is 22-12 overall and 14-5 in the WHAC. The Crusaders are coming off a huge 6-4 win Wednesday over NCAA Division 1 foe Central Michigan.

The 36-year-old Falkner, a 1998 Milford High grad who played at Concordia University, spent five years (2007-10 and 2013-14) as an assistant at MU under Greg Haeger. He took the Madonna job in early January after Haeger stepped down last December following 19 seasons.

Falkner spent the past two seasons as the head coach at Viterbo (Wis.) University, where he compiled a record of 27-61. He has a master's degree from Ashford (Iowa) University, where he was an assistant coach from 2011-12.

In Falkner's first season as head coach, Madonna is hitting a robust .311 as a team.

Senior outfielder Taylor Grzelakowski (Fraser) leads the way with a .463 average to go along with a team-best eight homers and 46 RBIs.

Jaren Hagen (Dearborn Heights/Henry Ford CC) and Jalen Thomas (Southfield Lathrup) are hitting .339 and .318, respectively, while freshman infielder Frankie Lucska (Garden City/Dearborn Divine Child) is also enjoy-

Falkner

ing a solid rookie year with a .324 batting mark.

"What we harp on and what I push my team about is on-base percentage," Falkner said. "It's something I first said to them when I first got hired. I told them, 'You're batting average

will come with your on-base percentage.' And some guys have really stepped up and changed their approach. And I really think it's helped set the table for Taylor Grzelakowski and Jalen Thomas, getting guys on base with people in front of them. They've really bought into that."

Madonna has outscored its opponents, 268-183, over the first 34 games while compiling a 14-5 record in the WHAC.

"I firmly believe that's why we're hitting so well, because we're getting on base at a really good rate," Falkner said. "I've got guys getting on base at .410 or above. If we can set the table in the middle of the order, which we've been doing, then good things are happening for us, for sure."

#### DeYonker stars

As a team, MU has a combined 5.10 earned-run average, with senior John Rodriguez (Sterling Heights/Indian Hills CC) posting the top record (6-3) and leading in innings pitched (57).

Senior left-hander Alex DeYonker (Livonia Franklin) is 4-0 with a 3.60 ERA, while junior right-hander Taylor Turner (Northville), is 3-2 in 49 innings.

Closer Cliff Landess (Carleton Airport), a junior, is 4-1 and owns a team-best 2.60 ERA with seven saves.

"With the pitching, I've acquired an older group and I've been blessed for that," Falkner said. "They've taken the challenge on. They've taken ownership in everything they do. They're competing and I don't feel they have pressure on them. I just feel like they're going out and doing what they do. We've still got a lot of work to do. I do have some depth and some guys have really stepped up."

## Try these careers and travel the world

BY SARAH SIPEK  
CAREERBUILDER

Fantasizing about exotic locations while staring at your cubicle wall isn't very productive. But if you can't trade in your suit and tie for a backpack and hiking boots and say sayonara to the workforce, fortunately, there's a happy medium.

Many career paths allow you to work remotely—thanks in large part to technology—while others require you to travel the globe to get the job done.

### Translator

If you have a knack for languages and adapt well to new environments, a career as a translator could be your ticket to traveling the world, says Zachary Painter, a career adviser and hiring manager at ResumeGenius.com.

You can choose to work through a travel agency where you'll lead tours for businesses and corporations, or seek out a more niche role with a boutique agency, says Painter. Either way you'll be working as a cultural liaison, leading groups through historic cities and sites.

"A friend of mine recently scored a gig translating Mandarin to English and German for a documentary about musicians being produced in

GETTY IMAGES

Taiwan," Painter says. "The possibilities are endless."

### Web developer

If you want to work remotely, tech companies are your best bet, says Kean Graham, CEO of MonetizeMore, an ad tech firm. Web developers in particular tend to do their best work from remote locations.

"Remote work has less interruptions," Graham says. "In a traditional office, there are too many meetings, noise and random interruptions that break a developer's concentration. In a remote atmosphere, many of these

distractions can be avoided."

Many companies have traditional offices but also use remote developers to supplement the workload. So grab your laptop and head to anywhere in the world with a Wi-Fi connection.

### Military

Joining the military is a great way to see the world—both on-and-off duty. Jessica van Dop DeJesus, a Marine Corps reserve officer, has been in the military for almost 20 years. During that time, she has visited 45 countries.

"Being stationed in places

such as Japan, South Korea and Germany allowed me to see plenty in those regions," says van Dop DeJesus. "I also worked as a civil servant at NATO in Brussels where I had plenty of time over the weekend to see Europe."

### Corporate event planner

Event planners don't just plan parties and weddings. Large-scale corporate events—including meetings and trade shows—require corporate event planners to meet with vendors across the country and then travel to the event location to help oversee everything from setup through breakdown.

"A career in the corporate meeting planner world is a great way for people to travel and see the world while working remotely," says Chivonne Hyppolite, an event execution expert with Abstract Elements Management Agency. "I have traveled to four continents planning and executing events."

### Digital marketing specialist

It helps to look for a job that isn't time-zone specific. Search engine optimization—or SEO—fits that bill. Digital marketers require SEO knowledge, along with a familiarity with analytics programs and social media trends, says

Painter.

While the role requires broad skills, the payoff is great. "These types of jobs typically offer lengthy contracts with commensurate pay, enabling one to work from home—or from their hammock in the Philippines—with relative ease," Painter says. "It just takes good time management and focus."

### Virtual assistant

Help organize a client's work and personal life without actually being in the room. As a virtual assistant, you do everything from cleaning a client's inbox to scheduling their appointments and purchasing holiday gifts for their friends. While it may seem impersonal, it grants you a great amount of flexibility in your schedule.

"Virtual assisting has given me the opportunity to travel both within the U.S. and now internationally," says Melissa Smith, founder of the virtual assistant staffing company The PVA. "I don't have to choose work over family or travel. Now I can do both."

Here's How It Works:  
Sudoku puzzles are formatted as a 9x9 grid, broken into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## BIG GUNS OF DETROIT LEAD THE PARADE OF POWERFUL NEW SHEET METAL AT NEW YORK INTERNATIONAL AUTO SHOW

By Dale Buss

America is an auto market with a split personality, between the inevitably self-driving and electric future and the present -- where low gasoline prices, fuel-efficient

internal-combustion engines, and big SUVs and trucks are still turning the heads of most actual U.S. vehicle buyers.

There's no better display of that schizophrenia right now than the New York International Auto Show, where at press days various automotive OEMs went to great lengths to show off their latest developments in the vehicle types du jour. Electric vehicles and self-driving innovations? They're getting their due, but they certainly haven't taken over yet.

The 2018 Audi RS Coupé

The show is "a shameless celebration of size and horsepower, more proof that the emissions-free vision touted by the industry for now is trumped by the current market realities of consumer demand, low interest rates and cheap gas," wrote Daniel Howes of the Detroit News.

In fact, the New York show seems to be emerging as the second-most important auto exhibition in North America each year, after Detroit's own North American International Auto Show in January. This year's

NAIAS also celebrated automotive testosterone.

The Detroit Three clearly led the parade of heavy, powerful sheet metal at NYIAS:

Fiat Chrysler displayed its 707-horsepower Trackhawk version of its Jeep Grand Cherokee SUV, as well as an 840-horsepower version of its Dodge Challenger muscle car, the SRT Demon. Top speed for the new Grand Cherokee: 180 mph.

The company also introduced two new option packages for its Ram pickup trucks: Ram 1500 Sublime Sport and Rebel Blue Streak. They "expand our offerings in factory-custom trucks and give dealers a more extensive color palette to excite customer who are looking for something unique," said Mike Manley, head of Ram brand.

Ford promoted an updated Ford Explorer, its mid-size SUV, and a longer if lighter version of its behemoth Lincoln Navigator SUV. The new Navigator will feature upgraded leather seats, plusher carpeting and running boards that pop out automatically, as well as a dial that selects from six

driving modes for varying weather conditions and terrain.

"It is the most spacious and luxurious Lincoln SUV yet, and will elevate family travel to what we call first class," Ford CEO Mark Fields said.

General Motors showed off a new version of its full-size Buick Enclave SUV even while it also gives props to the Chevrolet Bolt, its new fully electric hatchback that is meant to pre-empt gains in the mainstream-EV market by Tesla's upcoming Model 3.

Other auto brands made splashes in New York too:

Audi unveiled the GT4 version of its R8 LMS race car on the eve of the show, the newest addition to the Audi Sport customer-racing program. The VW-owned luxury brand also introduced its new Audi Sport brand, which it said represents "the best in track-tested performance available from the four rings." Over the next 2 years the brand plans to launch eight new Audi Sport models in the US market.

Genesis, the new luxury brand launched by Hyundai, used the show as a stage for its GV80 hydrogen

fuel-cell concept vehicle.

Jaguar Land Rover debuted its all-new Range Rover Velar in the middle of its biggest metropolitan market for Range Rover. Designed to fill the white space for a mid-size SUV in the Land Rover market, Velar already has experienced the highest website traffic within the first 30 days of launch of any Land Rover vehicle launch ever.

Mercedes-Benz announced plans to produce powerful new versions of its big GL sport-utility vehicle that can be supplied with as much as 500 horsepower, part of a presence at NYIAS that emphasized new utility vehicles and that some analysts called the strongest for any brand at the show.

Nissan unveiled a version of its Rogue crossover with special provisions for dogs, including built-in food and water dishes, custom removable dog bed, 360-degree dog wash shower and integrated dog-drying system. It was built by Dennis McCarthy, car coordinator for the Fast & Furious films.

Subaru, long known as the crunchy maker of all-wheel-drive vehicles and small SUVs, has expanded its footprint by showcasing the Ascent full-size SUV, a near-production concept vehicle that will feature three rows of seating for seven passengers when it rolls off its Indiana assembly line next year.

Toyota introduced its FT-4X Concept -- or "Future Toyota" Four-Wheel-Drive Crossover, which addresses the tendency by millennials to take "brief, unplanned casual adventures" rather than "multi-day, extreme, high-effort excursions."
